LEAGUE AMENDMENT TO SATISFY AMERICA

FRAMERS STUDY STRONG POINTS

League of Nations Commission Reads Lodge, Lowell and Knox Addresses.

MAY REPORT CHANGES

Advocates of World Powers Society Maintain That Perfecting Covenant Is Not Retarding Progress of Treaty.

Paris, March 25.—The main points of the recent debate between Senator Lodge and Dr. Lowell and the text of the speeches of Senator Lodge and Knox are being gone over by the league of nations commission and are aiding in shaping the changes in the league draft.

The amendments have been divided into three classes: First, those by neutrals; second, those by an American senator; third, those framed by President Wilson, Colonel House and Lord Robert Cecil. The last named group includes all points which the framers of the instrument believe will clarify its meaning and satisfy objections in all quarters.

The advocates of the league of nations maintain it is in no way retarding the progress of the peace treaty, as the league meetings are held at night and are nearing a conclusion, where the obstacles to the treaty are on questions of principle, on which the framers thus far have been unable to secure an agreement.

The War council again dealt with Poland, which question is close to settlement. It is understood that the recommendations of the Cambon committee for a Polish corridor across East Prussia to the Baltic will prevail, despite the objections raised by Premier Lloyd George. The Polish divisions at present in France probably will proceed to the Baltic and may land at Koensberg, instead of Danzig, in order to avoid a clash with the Germans over Danzig.

The league of nations commission resumed its sessions. President Wilson presiding. It was not believed that the large number of amendments would be completed and the revision of the covenant concluded without another meeting.

SIBERIANS OPEN OFFENSIVE

Kolchak Forces Making Progress Against Anarchists.

Paris, March 25.—Siberian troops of the Kolchak government have successfully begun an offensive west of the Ural on a line from Perm to the Trans-siberian railway, advices from Omsk say. At certain points the Bolsheviks have been driven back more than 30 miles.

The Siberians have captured Okansk, 50 miles southwest of Perm. On a 50-mile front between Okansk and Osa along the Kamama river the Bolsheviks have been driven back 20 miles.

WILSON WATCHING EVENTS

President Is Kept Informed on Hungarian Developments.

Paris, March 25.—President Wilson is following closely the situation in Hungary, which has set up a soviet republic and formed an alliance with the Russian Bolsheviks. Every bit of official and unofficial information was presented to him as fast as it was received.

While Hungary's action in itself was not regarded as serious, it was thought to indicate the feeling throughout Europe as a result of delay in the peace settlement.

WASHINGTON GETS REPORTS

State Department Hears Hungarian Situation Is Serious.

Washington, March 25.—First official reports on the Hungarian situation show a very serious condition. State department officials said. The new government is extremely radical, the foreign minister being the former aide de camp of Trotsky. He is a Bolshevik, the State department was informed.

No word was received as to how general the uprising is, or whether it extends beyond Budapest.

ANARCHISTS CLAIM VICTORY

Successes by Bolsheviks Reported in Black Sea Region.

London, March 25.—Successes by the Bolsheviks in the Black sea region were reported in the Bolshevik official communiqué received from Moscow. The statement said the Bolshevik armies drove the Allies back in disorder between Voznessensk and Odessa, defeating an entire division. On the Archangel front, the dispatch said, an Allied outpost was captured.

ARCHBISHOP DOWLING

Installation Ceremonies Take Place in St. Paul Cathedral.

Most Rev. Austin Dowling has been formally installed as archbishop of the St. Paul See, succeeding the late Archbishop Ireland.

STEAMER IN DISTRESS

Vessel Carrying Troops Sends Out Calls for Aid.

Transport Melrose Has Lost Her Rudder and Is Helplessly Drifting on Atlantic.

Halifax, March 25.—The steamer Melrose, which left St. Nazaire on March 9, for New York, sent out wireless calls for help, saying that she was in distress. A message picked up here said that the ship had lost her rudder.

The message gave the position of the Melrose as latitude 33.35, longitude 50.50. If these figures are correct, they would indicate that the steamer had drifted far south of her course, as the position given is about 900 miles almost due east of Bermuda.

The Melrose registers 3,391 tons. The steamer Melrose, reported in Halifax dispatches to be in distress about 900 miles east of Bermuda, sailed from St. Nazaire, France, March 9, for Newport News.

War department records show the troops on board to consist of a detachment of the 317th tank corps company, the number of men not given; an ordnance detachment of one officer and 21 men, and two casual officers, one of the medical corps and the other of the air service.

LEAGUE SENTIMENT GROWS

Senator Hitchcock Lays It to Red Tactics in Europe.

Washington, March 25.—The sweep of Bolshevism across Europe, coupled with the opposition tactics of France and Japan, form the strongest arguments for the league of nations and will strengthen it in American public opinion, Senator Hitchcock, foreign relations committee, declared.

"I believe sentiment for the league is gaining," said Hitchcock. "Undoubtedly the desire to know about it is growing and from the firm tone of the many invitations to speak that I am receiving I should say this desire for information is friendly rather than hostile."

RELEASE ANARCHIST AGENT

German Officials Free Russian Arrested February 13.

Copenhagen, March 25.—Karl Radek, the leading Russian Bolshevik agent in Germany, who was arrested Feb. 13 in connection with the Spartacan uprising, has been released by the German government, according to a Berlin dispatch.

This message reports fresh agitation by the German Spartacans coincident with the Hungarian revolution and reports that in these circumstances the release of Radek had created a bad impression.

COMMITTEE PROBES PRICES

Investigating Sales of Sand and Lumber at Chicago.

Chicago, March 25.—Sand and lumber prices were made subjects of inquiry by the legislative committee investigating the high prices of building materials.

The evidence showed that a large percentage of the sand sold in Chicago for building purposes is controlled by a few firms and that these concerns have intimate business relations with each other.

Spartacans Are Planning Third Revolution in Germany

BY FRANK J. TAYLOR, (United Press Staff Correspondent.)

Berlin, via Courier to Paris, March 25.—The Spartacans are planning to launch their third revolution before the first of April. This revolt it was learned from the Spartacans themselves today is intended as the signal for a general bolshevik uprising through central Europe. The Russian bolsheviks have been asked to start an invasion to insure the revolution's success. The Spartacans expect to open hostilities without warning, since the general strike that preceded the last revolution gave the government time to prepare.

An amendment will be framed protecting the Monroe Doctrine.

Conference Will be Speeded Up

Paris, March 25.—President Wilson has asked the peace delegates to hurry in view of the spread of bolshevism westward. As a result it is believed the conference program will be speeded up.

Allied Occupation of Hungary is Imperative

BY FRED S. FERGUSON, (Staff Correspondent, United Press)

Paris, March 25.—American or allied troops must be rushed into Hungary at once to save the situation, was the opinion expressed in advices received today by the peace conference from its agents in that country.

The allied forces now in Hungary are now entirely inadequate, it was stated, and must be immediately and heavily reinforced to prevent Bolshevism from obtaining a foothold from which it can spread into western Europe. The conference has been deeply impressed by the collapse of the Hungarian government and succeeding events. The supreme war council proceeded with its routine business yesterday, but was deeply concerned over the situation.

Archbishop Dowling Formally Installed

(By United Press)

St. Paul, March 25.—Austin Dowling was formally installed as Archbishop of the St. Paul diocese this morning.

Japan's Plan Criticized

Peking, March 24.—Japan officially is advising China not to touch the 17,000,000 yen unpaid balance of the war participation loan. Meantime, negotiations have nearly been completed between the Okura company and the Chinese war ministry for a loan of 100,000,000 yen, the security for which is to be the Feng-Huang-Shan iron mines and surrounding territory. The plan is to organize a Chino-Japanese company which will give the Okura company first call on all its products.

Lieut. Col. Theodore Roosevelt, His Wife, Who Was War Worker in France, with Their Children Just After Reunion in New York

This is the first photograph of Lieutenant Colonel Theodore Roosevelt taken with his family since his recent return from France. He was with the Twenty-sixth Infantry. Mrs. Roosevelt of the first Y. M. C. A. came back only a short time before her husband. The children from left to right are Grace, Cornelius and Theodore, Jr. The photograph was taken in the Roosevelt home in New York City.

BY ED. L. KEEN, (United Press Staff Correspondent.)

Paris, March 25.—The reconstruction of the League of Nations has progressed to a point where a report can be presented any time the allied leaders demand, it is announced today. The league committee completed the new draft of sixteen articles last night at eleven thirty. The commission adopted an amendment excluding all domestic matters from the league jurisdiction, thus protecting America's immigration policy.

An amendment will be framed protecting the Monroe Doctrine.

Conference Will be Speeded Up

Paris, March 25.—President Wilson has asked the peace delegates to hurry in view of the spread of bolshevism westward. As a result it is believed the conference program will be speeded up.

ALLIED COMMISSIONERS INTERNED IN BUDAPEST

(By United Press)

London, March 25.—Travelers reaching Vienna from Budapest report that all entente commissioners have been interned by the new Hungarian government, an exchange telegraph dispatch from Vienna reports.

British Monitors Have Arrived at Budapest

Paris, March 25.—Two British monitors have arrived in Budapest after being fired on en route, it was reported in a dispatch received through diplomatic channels today. They proceeded to the Hungarian capital along the Danube from Belgrade. One British patrol boat was said to have been seized by the Hungarians, but was returned later with apologies. Reports received in official circles here declare that American representatives in Budapest have been assured of every protection, and may be asked to remain. Martial law has been proclaimed in Hungary and the death penalty prescribed for armed resistance, robbery and plundering. The sale of liquor has been prohibited under \$10,000 fine.

Iowa State Bank Robbed of \$20,000

Des Moines, Iowa, March 25.—Automobile bandits today robbed the Iowa State bank of \$20,000 and escaped.

Soviets Ministress Exchange Information by Wireless

(By United Press)

Paris, March 25.—Foreign Minister Tchitcherine of the Russian soviets, wireless Foreign Minister Bela Kun of the Hungarian soviets, of the Bolshevik situation as follows: "Field Marshal Von Hindenburg is advancing on Kovio, the Poles have taken Baramovitch and are marching on Vilna and Minsk. The Ukraine red army is nearing Odessa. Admiral Kolehak's offensive has been stopped. General Deniken has been driven northward by the Bolsheviks.

CRISIS PRECIPITATED

Neutral Zone Order Brings Action by Hungary.

Was Intended to Make Hungary Distasteful From Attacking Rumanians.

London, March 25.—It was establishment of the neutral zone on the Hungarian-Rumanian frontier which the peace conference had decided upon which precipitated the Hungarian crisis, according to a Vienna dispatch. This zone was intended to make the Hungarians desist from attacking the Rumanians and to close the gap between Rumania and Poland.

The Entente note defining this zone was dated March 19, the Vienna advices state. The zone was fixed as a belt 140 miles long and 40 miles wide, virtually shutting Hungary behind the rivers Theiss, Szamos and Maros, and including the towns of Grosswarden, Debreczen and the entire country behind them.

The note required the withdrawal of the Hungarian troops behind the western boundary of the belt within 10 days and authorized the Rumanians to advance to the eastern boundary. The civil government of the neutral zone was to be exercised by Hungarians under Allied control, but the important points would be occupied by Allied troops.

Commentators declare the signs are not wanting that Germany is in collusion with the bolsheviks. Dr. Bernhard Dernburg, the former German colonial minister, writes to the Berlin Tageblatt that Germany, threatened with dishonor instead of security on the west, must turn eastward to satisfy her needs and realize her future.

WINNIPEG WELCOMES TROOPS

Forty-third Cameron Highlanders Return From France.

Winnipeg, Man., March 25.—Winnipeg welcomed home the Forty-third Cameron Highlanders, direct from France. Five thousand men passed through the regiment during the war and only 33 of the originals are left. Colonel R. M. Thomson was among the killed.

COL. HENRY WATTERSON

May Head Organization Opposing League of Nations.

Col. Henry Watterson, veteran Louisville, Ky., editor, is to be president of a nation-wide organization to fight the league of nations. The new organization probably will be called "The League for the Preservation of American Independence," and will be entirely nonpartisan.

SMALLPOX IS RAGING

Typhoid and Spotted Fever Also Prevail at Petrograd.

More Than One Hundred and Thirteen Thousand Persons Died During February.

Paris, March 25.—According to Russian police statistics just received in Paris, during February more than 113,000 persons died in Petrograd. The total population of Petrograd Feb. 1 was 990,000. In addition to the deaths during the month, 77,000 persons left Petrograd and the population was about 800,000 March 1.

American relief workers, who left Moscow Feb. 12, say that deaths in that city early in February averaged 4,000 daily. They say that conditions there were similar to those in Petrograd, where smallpox, typhus, starvation and the "hunger plague" were raging unchecked.

Coffins are no longer sold in Moscow, but are only rented for use at funerals.

In addition to spotted fever and typhoid fever, Petrograd is being ravaged by smallpox, according to advices through Helsinki. All the hospitals are crowded and the mortality is increasing daily. The bodies of the dead are collected in big wooden cases and emptied into large graves, the cases then being returned to the hospitals, filled again and the process repeated.

UNDER AUTOMATIC CONTROL

Self-Piloted Airplane Makes Hundred-Mile Trip.

Fort Worth, Tex., March 25.—Under automatic control, an airplane capable of carrying a heavy load and operated without a human guide, has made a trip of 100 miles and landed within a short distance of the point it set out to reach, Newton D. Baker, secretary of war, disclosed in an address. Secretary Baker with General Peyton C. March, chief of staff, came here to inspect the military establishment at Camp Bowie.

TO DEBATE MONROE DOCTRINE

Amendment Advocated by President Wilson and House.

Paris, March 25.—An amendment to the League of Nations covenant covering the Monroe doctrine, advocated by President Wilson and Colonel E. M. House, is expected to be presented at the next session of the league commission. The proposed amendment would prevent any power from acquiring territory in the western hemisphere by conquest, purchase, treaty or otherwise, unless the Americans consented.

IDAHO NOW IN COMMISSION

Superdreadnaught Is the Largest Fighting Ship Afloat.

Philadelphia, March 25.—The superdreadnaught Idaho, the largest fighting ship afloat, went into commission as part of the United States navy at Camden, N. J. Captain L. A. Kaiser, representing Admiral C. F. Hughes, commander of the Fourth naval district, handed the receipt for the great ship to H. A. Magoun, vice-president of the corporation that built the vessel.

DECLARES WAR AGAINST ALLIES

New Hungarian Republic Forms Alliance With Russian Soviet and Makes Declaration.

FORCES ARE MOVING

Lenine Greeted as International Leader and War on Imperialism Proclaimed—Berlin Sends Envoys to Moscow to Make Pact.

Copenhagen, March 25.—A dispatch from Budapest says the soviet government has occupied all theaters and music halls and arranged for revolutionary plays and addresses on the revolution.

London, March 25.—Disarming of French troops by the Hungarians, organization of revolutionary tribunals throughout the country, separation of church and state, and appointment of commissions to liquidate the government's business is but a part of the turmoil resultant in Hungary, following the declaration of war on the Allies by the revolutionary soviet government.

Berlin, March 25.—Budapest dispatches state that the new Hungarian soviet republic has formed an alliance with the Russian Bolsheviks and declared war on the Allies.

Bolshevik forces are reported to be moving in Hungary to aid the new government against French and other Allied troops which are scattered throughout the country.

The action of the Karolyi ministry in resigning and turning the country over to the communists was said to have resulted from "dissatisfaction of the Allies" and proposed adjustment of Hungarian frontiers by the peace conference.

Representatives of Premier Lenine are reported to have assisted in forming the new Socialist ministry.

Opponents to Be Executed.

Berlin, March 24.—The new Hungarian cabinet has issued the following proclamation: "Fighting with the world's Bolsheviks, we rise against the Entente and imperialism and proclaim general mobilization. All opponents will be executed."

Allies Reported Disarmed.

Berlin, March 24.—A special dispatch to the Freiheit announces the disarmament of Allied troops at Budapest. It is unconfirmed, however, and appears questionable.

Germany Sends Envoy.

Paris, March 24.—Count von Brockdorf-Rantzau, the German foreign minister, has sent Carl Kaitsky, one of the under secretaries in the foreign ministry, to Moscow to see the chiefs of the soviet government and to furnish an accurate report on the situation which will allow the foreign minister to study methods as to bringing about closer political and economic relations with the Russian bolshevik government, says a Zurich dispatch to the Matin.

Greet Lenine as Leader.

Copenhagen, March 25.—Reports of wireless exchanges between Nikolai Lenine, the bolshevik premier of Russia, and the foreign representative of the new Hungarian communist government are received in advices from Budapest. Lenine was told the Hungarian proletariat had seized power and had introduced a proletarian dictatorship. Greetings were sent to Lenine as "leader of the international proletariat" and expressing solidarity with the revolutionary movement.

Replying, Lenine stated that he had submitted the Hungarian greeting to the bolshevik congress at Moscow, which had received it with great enthusiasm.

ARREST GERMAN AGITATORS

American Troops Frustrate Revolt Plot at Coblenz.

Coblenz, March 25.—Three agitators, admittedly Spartacan sympathizers, confessed to the American military authorities that they came into the occupied area for the purpose of furthering a movement among the German workmen to organize Spartacan forces sufficiently so that in time they would gain strength enough to attack the American soldiers and take possession of the Coblenz banks and railway stations and receive assistance from unoccupied Germany.

MARINE CASUALTIES 11,309

Navy Department Announces List Up to March 19.

Washington, March 25.—Total Marine Corps casualties numbered 11,309 up to March 19, the navy department announces. Dead totaled 2,518; wounded, 8,756; missing, 215. The dead of wounds numbered 722 and those killed in action, 1,507.

ATTENTION ODD FELLOWS

Initiatory Wednesday Night, March 26th.

Wilson Bradley of Deerwood was in the city today on business matters.
Miss Ethel Fredstrom and Miss Ruth Soderlund visited in Staples Sunday.

Our spring WALL PAPER is here. Over 300 patterns. CLARK'S. 247tf
S. R. Adair, county treasurer, has been very sick from a cold and may have contracted influenza.

Mrs. M. A. Shellington, of Glendive, Mont., is in the city visiting her parents, Mr. and Mrs. F. W. Wieland.

Mary Karl, who lives north of town went to Brainerd Wednesday for a short visit with friends and relatives.—Verndale Sun.

WHITE CROSS LODGE NO. 30, KNIGHTS OF PYTHIAS

Will meet Wednesday, March 26, at 8 P. M. There will be work in the range page. All members please attend 1t

W. H. Freeman of St. Cloud, a representative of the Gopher Billboard Co., was in the city on matters connected with his company.

Mrs. H. J. Wilson and daughter Ione, who have been visiting friends in the city for two weeks, returned yesterday afternoon to their home in St. Paul.

April Columbia Records have arrived. Ask to hear No. 6098. Folsom Music Co. 246tf

At Verndale there is an epidemic of mumps. Even the printer of the Verndale Sun got an attack. His face swelled up so he looked like a new edition of the sun.

Irvine Chrysler, who has a fine farm 21 miles from Brainerd in the Platte Lake country, was in the city today.

today. He said the roads were muddy in places, but were rapidly drying.

H. Thursdale of Bemidji, prominent roadway builder who built a section of the Gull lake national highway, was in the city today. He closed a contract to build a roadway between St. Cloud and Sauk Center.

Verndale has an enterprising doctor, Dr. C. A. Corse. In addition to his profession as physician and surgeon he conducts a drug store and has recently added a grocery store and ice cream parlor to his business activities.

J. H. O'Brien of 518 South Ninth street is now traveling for the Van Paper Supply Co. of St. Paul, dealers in all kinds of wrapping paper, bags, twine, paper towels, etc. Mr. O'Brien covers quite a territory, traveling out of Brainerd.

Mrs. Regan, 512 North 4th street, has on display in a front window of her home a red Amaryllis with twelve flowers, each six inches in diameter, with nine more buds ready to break into bloom. The flower stems are two feet in height.

Masons Attention

Aurora Lodge No. 100, will give a dancing party including entertainment and cards after the regular meeting Tuesday night, March 25th, 1919, for Masons and their ladies.

At the home of Jacob Thoe on Quince street near Broadway, the whole family is sick. Mr. and Mrs. Thoe are suffering from severe colds, their four children are sick and to cap the climax, Mrs. Thoe's sister who came to nurse them, also got sick.

Just received a large shipment of Pathe Records. Hall Music House. 247tf

Dispatch want ads measured 28 inches in Monday evening's paper. There were 6 help wanted, 3 for rent, 24 for sale and 8 miscellaneous wants. Telephone your wants to the Dispatch, Northwest 74, or mail the ad or have it sent to the office. Ads are cash, cent a word first insertion, half a cent a word each time thereafter.

Mr. and Mrs. R. R. Wise have returned from five weeks spent at Shakopee where they took the mud baths at Mudera and were both greatly benefited in health. Mr. Wise started to lay aside all business cares, but in the period there he was summoned to St. Paul several times on legislative matters and state improvement work, attending important conferences. The springs resort is in charge of Dr. Fisher and the place is growing so popular as to be crowded at all times with patients. Brainerd was represented by nine people taking the baths. Mrs. Wise is feeling much better and it is believed that the lake air and automobile drives will completely restore her to her usual good health.

Time Is Money There.

According to a Paris mathematician the adoption of Greenwich time as the standard for France increased the lighting expense of every French household about 1 per cent.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on the empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

"JOHN CHINAMAN AT HOME" LECTURE

"John Chinaman at Home," is the subject of a lecture to be given this evening by Rev. R. E. Cody at the First Methodist church. The lecture will be illustrated by many very fine slides which show the life and customs of the people in Central and West China where Rev. Cody's sister spent 11 years of her life in missionary work.

This will give a splendid opportunity for young and old to become more familiar with John Chinaman, our neighbor on the other side of the earth. There is no charge for this lecture but a collection will be taken. Every one is welcome to come.

PVT. HARRY HANSON

Serving in 7th Co. M. P., American E. F., in France, Writes to Dr. C. A. Nelson

Private Harry Hanson, in 7th Co. M. P., American Expeditionary Force, A. P. O., 793, in a letter from Berncourt, France, writes Dr. C. A. Nelson under date of February 25:

"My dear friend—Your very interesting letter received and it is needless to say that it was very much enjoyed. I have written to you several times, but it seems the letters did not get through.

In regards to the duties of the Military Police, I must say that they are many and various. In the first place a Military Policeman must know everything in regard to his division, such as the location of division headquarters, regimental headquarters and where all units and detachments are located, must know where all towns are and where all roads lead to, also they must maintain order at all times, see that all men are properly dressed, pick up A. W. O. L's and a thousand and one other things or to sum it all up, an M. P. is a general information bureau.

We do not stay in one place long, but keep moving from one place to another. I don't know where I will be when this reaches you. I don't know how soon or how long it will be before I get back, but I assure you that I will be just as happy as the next one. They seem to be stirring up quite a fuss over there about service stripes, claiming that they did not have a chance to come across. I would gladly exchange places with any of those men if they think it is so much fun to wade around and live in this French mud.

I must say that Uncle Sam is the best old uncle in the world, he is doing everything that can be done to make life cheerful. We have plenty of good clothes and food and I am just as fat as the next one.

A new depot is very much needed in Brainerd, so here is hoping that they keep their word good. I was just thinking that it is no joke making a flying back there at present prices."

Wireless Phone May Span Ocean

(By United Press)

New York, March 25.—"Hello! Hello! Is this New York? Yes? Well, how's every little thing along Broadway?"

"Ah, hello, there, cousin! How's dear Old Lannon?"

A telephonic conversation between London and New York? Yes, certainly. And at no very far distant date, either.

At least that's what the Marconi wireless experts are saying in New York. And they ought to know—for the experts have been making some very exhaustive experiments.

Roy A. Weagant, Marconi's chief engineer, announced shortly after the armistice was signed that this new discovery would quite eliminate the interference of static electricity from radio-graphic currents. At first the scientific world was skeptical. They didn't think it could be done.

Nevertheless, Weagant was correct in his deductions, according to the Marconi company, and as a result plans already are under way for the installation of a wireless telephone system between New York and London.

Statics, or "strays," as they are known in the bewildering languages of the wireless experts, are loose, uncontrolled electrical elements. Weagant told the members of the New York Electrical Society, and these statics stray into the wireless messages sent through the air. They cause such a din at times that the messages are drowned. He has discovered the natural law which causes statics to travel in a vertical path. Weagant added while the wave links of a radio message take a path parallel with the earth.

Weagant's discovery makes it possible to catch the statics going one way and the wireless wave going at

Dress Fabrics For Mother or Child

It matters not what kind of dress materials you want whether for rompers for the little ones or for a dainty silk party gown for yourself, you will find your requirements anticipated in our

LaPote

DRESS FABRICS

We have a wide range of novelties for your Spring suit, coat or dress, a charming assortment of dress silks, novelty white goods for summer wear, staple and fancy patterns in ginghams, voils and tissues.

right angles. In this way the two are kept from coming into contact and practically all of the trouble is thus eliminated.

In commenting upon the discovery, Marconi officials said that the elimination of atmospheric interference per feet the wireless to such a degree that transatlantic telephony is a comparatively simple matter. As a result, the wireless telephone will soon conquer the ocean, the experts maintain, and the human voice, speaking in New York, will quickly find an echo in London.

Wasn't it S. F. B. Morse who asked, "What hath God wrought?"

Army Officer Shoots Self to Death.

Chicago, March 25.—Captain William Murray, an army officer of New York, who had been stationed at Camp Grant, shot himself to death in a hotel room. He left a note to his widow which is believed to have contained an explanation of his suicide.

Peru Asks Bids for Air Line.

Lima, Peru, March 25.—The government has invited American and European bids for starting an aerial mail service in Peru.

German-American Catholic Head Dies.

New York, March 25.—Joseph Frey, president of the German Roman Catholic Central Federation of the United States, died at his home from heart disease. Mr. Frey was born in Germany 65 years ago and came to this country in his youth.

Belgium Seeks Nitrates in Chile.

Santiago, Chile, March 25.—Belgium is negotiating in Chile for the purchase of 100,000 tons of nitrates for agricultural purposes, it was announced.

The Delicacy of Touch

Have you thought of the quick response obtained when playing Kimball Grand Pianos—that the most delicate touch whispers your musical thoughts—and that the wonderful contrasts and climaxes are most effective? Adelina Patti, in the height of her career, and other world-famous artists have owned and praised Kimball Pianos.

For these and other reasons the Kimball is "The Artists' Favorite."

"A SHINE IN EVERY DROP"

Black Silk Stove Polish is different. It does not dry out; can be used to the last drop; liquid and paste are equally effective; no waste; no dust or dirt. It gets your money's worth.

Black Silk Stove Polish

is not only most economical, but it gives a brilliant, silky lustre that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off—it lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you want stove polish, because it is the best stove polish you ever used—your dealer will refund your money.

Black Silk Stove Polish Works, Sterling, Illinois. Use Black Silk Air Drying Iron Enamel on grates, registers, stovepipes, and automobile tire rims. Prevents rusting. Try it.

Use Black Silk Metal Polish for silverware, nickel, tinware or brass. It works quickly, easily and leaves a brilliant shine. It has no equal for use on automobiles.

"Mamma, Give me another—They Taste Like Candy"

When your child is feverish and peevish—when the tongue is coated because of biliousness or disordered stomach, give it one of DR. MILES' candy-like LAXATIVE TABLETS and in a short time the child will be naturally relieved of the cause of its illness.

No coaxing or urging is required to get children to take these mild, but effective laxatives. When children once use them they never refuse them. So much better than nauseating oils or strong, griping cathartics that so often do more harm than good.

Not only are DR. MILES' LAXATIVE TABLETS an effective medicine for children but for grown-ups as well. Any one suffering from constipation and its many ill effects will find in these pleasant and agreeable tablets an effective medicine. Get a box from your druggist—they cost only a few cents. Money back if first box fails to satisfy.

DR. MILES' LAXATIVE TABLETS

WOMAN'S REALM

DOLL CONTEST HAS BEEN STAGED

Novel Entertainment Provided by the Royal Neighbors Lodge at Elks Hall Wednesday

LUNCH AND A PROGRAM

Every Royal Neighbor Member to Invite and Escort a Friend to the Hall in Evening

The Royal Neighbor lodge has planned a novel entertainment for Wednesday evening at their meeting place in Elks hall.

There will be a doll contest, a handsome one having been donated by Mrs. Fred Luken. The young lady will be christened in secret and then every one acquiring a ticket will have a chance to guess her name. The winner gets the doll.

A lunch and a program are also features on the entertainment. Every Royal Neighbor member is privileged to bring a friend and from the interest already evinced it is evident there will be a large attendance at the hall Wednesday evening.

K. of C. Dancing Party

The Little Falls K. of C. lodge will give a dancing party on Tuesday, April 29th, at Little Falls, which promises to be one of the leading social functions after the Lenten season. The Blue Ribbon 6-piece orchestra has been engaged to furnish music for this event. The personnel of the orchestra will be Edwin Lee, violin; Walter Frampton, piano; Torval Anderson, cornet; R. H. Rehl, clarinet; James Crockett, trombone; Geo. Putz, drums.

At the Best Today

In her latest Select Picture, "Her Great Chance," Alice Brady has a splendid supporting cast, and when this drama is presented at the Best theatre to-day, motion picture and theatrical fans will recognize in the part of the hotel proprietor, Jeffer-

son de Angellis, one of our best known comedians. Though well up in years, Mr. Angellis still retains his old love for fun and the stage, and in this new photoplay he is the owner of a famous road house on the Palisades. Here he caters to New York's select class, and when Charlie Cox, the young millionaire, endeavors in a drunken escapade to drown him in a pool, it is too much for him. He sues the father for damages and this is the means to Charlie's disinheri-

Women Will Celebrate Granting of Suffrage

(By United Press)

St. Louis, Mo., March 25—Women who are interested in suffrage and kindred questions are anticipating with keen pleasure the Women Voters Conference to be held in connection with the 50th anniversary of the National American Suffrage Association March 24 to 29 inclusive.

In 1869 the National Suffrage Association and the American Suffrage Association were formed. They were merged in 1890 into the National American Woman Suffrage Association.

Among other things the Women Voters' Conference will try to find an answer to the question, "Why Does the United States lag behind other nations in extending the vote to its women?"

In 1869, Wyoming led the world by the grant of full suffrage to its women. The convention will celebrate the fiftieth anniversary of this event.

FOR SEVERN SWANSON

Bookkeeper of First National Bank Given a Farewell Party by Church Congregation

Severn Swanson, bookkeeper of the First National bank of Brainard, soon to leave for Bozeman, Mont., where he has accepted a position with a Bozeman bank, was given a farewell party by the congregation of Bethlehem Lutheran church of South Seventh street and presented with a leather traveling bag and a goodly purse of money.

The gathering met in the church basement and was well attended. Mr. Swanson appreciated deeply the attentions conferred on him and thanked all for the courtesies shown him.

Bethlehem Ladies' Aid

The Ladies' Aid of the Bethlehem Evangelical church, corner Main and Bluff, will be entertained on Wednesday, March 26, at 2:30 P. M., by Mrs. H. Kaatz and Mrs. F. Dreiling, at the home of Mrs. F. Dreiling, 611 2nd Ave. N. E.

At the Best Tomorrow

Chief among the big features that make "Sporting Life" so notable a photoplay is a scene showing the English Derby at Epsom Downs. "Sporting Life" is an adaptation by Maurice Tourneur of the celebrated Drury Lane melodrama of the same name which was produced in 1897 and which has held the stage periodically ever since. It will be shown at the Best theatre tomorrow.

The story deals with a young British nobleman who seeks to rehabilitate his fortunes which are at a low ebb. He is a thorough sportsman and he backs a prize fighter, and his own mare Lady Love, to win the Derby. Both events are carried through successfully, but not without serious difficulties laid in the young sportsman's path by a relentless enemy. There is a charming love story which holds much suspenseful interest.

The story is an excellent one and from every standpoint, "Sporting Life" is a most notable production. The principals in the cast include Ralph Graves, Warner Richmond, Charles Craig, Constance and Fair Binney, and Willette Kershaw.

Usefulness Always the Final, Determining Test

When a corporation looks around for a new president, a congregation for a new minister, a housewife for a new servant, a firm for a new clerk, a state for a new senator, a superintendent for a new foreman, a college for a new professor, what is the one test applied? Who is it each seeks to find? Usefulness is the final, determining test. All endeavor to choose the one who will prove most useful in the position. Every aim and end of society, of the world, is to produce men and women who will be useful, who will be helpful, who will be able to serve mankind.—Forbes Magazine.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Ex-Kaiser's Helmet. Worn on Parade, Part of Loot Found in Former Palace

William Hohenzollern used to wear this helmet on parade occasions but the odds are ten to one that it didn't look as well on him as it does on this friend of Lowell Thomas, American war correspondent. The helmet was appropriated as his part of the loot by a Spartacus soldier during the riots in which the deposed kaiser's palace in Berlin was sacked and all his uniforms taken. Mr. Thomas, who was reporting the rioting, bought this interesting souvenir from the Spartacan and brought it to New York.

Getting Back to a Peace Basis

(By United Press)

Washington, March 25—Washington is getting back to a peace basis rapidly.

Uniforms are daily becoming more scarce on the streets and in public places.

There are not so many automobiles on the streets either. Where motor cars whose owners could not find garages were once parked throughout the residence section, such a sight is now a rare one.

Theaters formerly were sold out from footlights to gallery. Now there are frequently vacant seats.

The long lines outside the popular priced restaurants have disappeared too and one can get a meal without fighting for it.

The exodus is on.

DISPATCH WANTS GET RESULTS

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

OLD PAPERS—5c BUNDLE

Yesterday a good Maxwell —Today a Better One

THAT is the policy of the Maxwell Motor Company. It began five years ago on a single chassis plan and today 300,000 Maxwells have been built on this program.

Not 300,000 Maxwells identically alike—for that would be admitting that the car has never improved in five years' time.

More than 1000 refinements have been made in the Maxwell.

But the original chassis plan was not changed. It has simply grown better as the days went by.

The logic of building one thing and thus building it well is too clear, too sound, too emphatic in results to argue against.

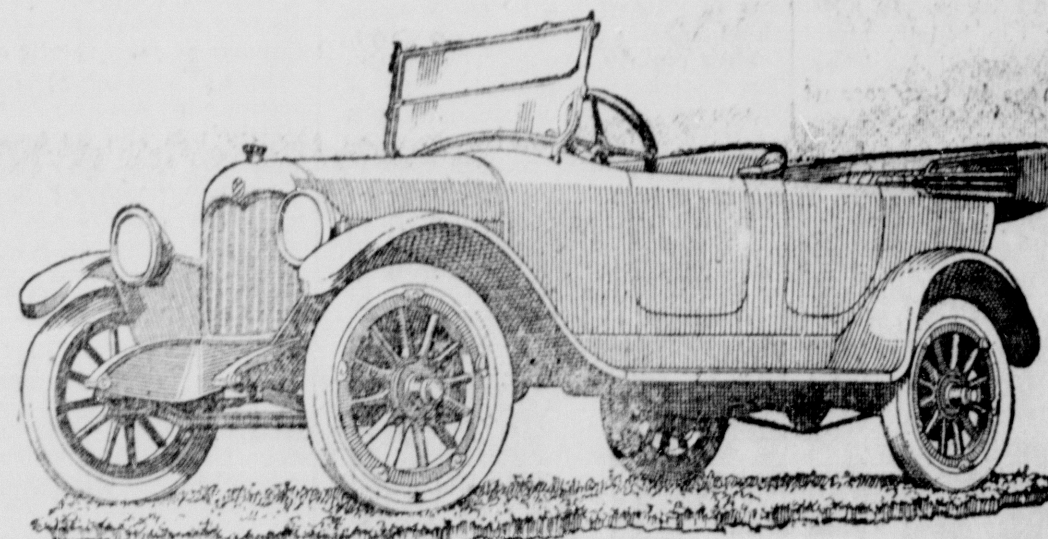

Like any fine piece of machinery the Maxwell seems to improve with age.

It runs on and on without end. We have never heard of a Maxwell salvaged.

There is no car with a better road ability record. And it saves many a thrifty dollar by shying at the repair shop.

This Maxwell you see today is not a new Maxwell; though many persons have thought so. It has been so much improved in appearance that our contemporaries in the trade repeatedly refer to it as the new Maxwell.

However, good looks have not in any way handicapped its running. And the latter is the main thing, after all, in a motor car.

USE GROUND WATER

As we read the description about ground-water, we become more and more convinced of the advisability of using that water in preference to any filtration plant scheme. The mere thought of resorting to river-water is repugnant when we are supposed to have delicious, cool, sparkling water in abundance under our very feet, and have had it there for countless ages. If most of us only had been trained earlier to understand and grasp these things of science, we probably would not have tolerated our present water-works as long as we have, and we would have been the beneficiaries. We can have it now if we will only get out and vote for it.

From Colonels to Raspberry Lieuts.

By the Presses Camp Dodge News Service

Gondrecourt, France (Special by Mail)—One hundred and twenty-eight officers in the Eighty-eight division have applied for commissions in the regular army. They range from colonels down to "Raspberry Lieuts." A board consisting of Col. Herbert B. Crosby, 351st Infantry; Lieut. Col. Clyde E. Eastman, Signal Corps; Lt. Col. Frederick G. Turner, 349th Infantry; Capt. Franklin M. Herman, Medical Corps; and 1st Lt. John W. McKeever, Medical Corps; passed upon the applications. Their recommendations were sent to Major General William W. Weigel for his approval.

Ten officers and enlisted men in the Eighty-eight division have been awarded Distinguished Service Crosses. Most of them are among the 57th artillery brigade which recently was attached to the division. The holders of the coveted decorations are Capt. W. W. Parris, Cavalry assistant G-3; Floyd Prescott, Hq. Co., 120 F. A.; Wagoner Nick Adler, Sp. Co., 120 F. A.; Pvt. 1st. Joseph Biwan, Hq. Co., 120 F. A.; Pvt. 1st. Harold J. Bretnig, Bty. A, 120 F. A.; Pvt. Leo O. Prescott, Hq. Co., 120 F. A.; Sgt. Frank M. Holt, Bty. A, 120 F. A.; Sgt. Albert B. Brown, Med. Det., 121 F. A.; Cook Michael A. Platten, Bty. B, 121 F. A.; 2nd Lt. William H. Nourse, 350th Infantry.

"An electric light in every billet of the Eighty-eight division," is one of the latest things being done for the comfort of the soldiers. Twenty-two complete lighting plants have been put in operation in the different towns in the 88th's area. There is no French electric plant in this district and the soldiers have been using candles and oil lamps. In addition to lighting the billets, street lights have been installed. There are twenty of these in Gondrecourt alone.

WHY YOU SHOULD VOTE WATER WORKS BONDS

A series of articles prepared by the Water & Light Board to explain why new water works are necessary, what is planned to replace the old works, and the suitability of that which is advocated.

XIX

Ground-Water

We have outlined and described surface-water supplies; now let us review what is involved in the study of ground water supplies.

What is ground water? Ground water is water precipitated upon the earth's surface and which does not run off to rivers and lakes, and escapes evaporation and the action of vegetation and instead percolates downward in obedience to the law of gravitation until it strikes some impervious layer. The immediate impervious layers is the water which preceded it in past ages and filled every pore and crevice of the earth's crust. This accumulation continues up to a certain level, at which water escapes laterally; this level, or the surface of this water, is called the ground-water level or water-table.

Ground-water surface conforms in general outline to topography, but with less variations. Variations in ground-water level take place comparatively slowly. Near streams and in low lands the level varies little, being fixed largely by the level of the adjacent surface water. At higher points in the water-table the fluctuation is greater. In porous material (and where slopes are small) the variations are small.

To obtain economically the large quantities required for public supplies it is necessary that the water-bearing material be of very open, porous character. Adequate supplies are rarely obtained from anything but sand and gravel deposits, or from very porous rock.

Therefore, water is very abundant in the soil, but some porous medium should exist to facilitate travel or flow of the water when the medium, or formation, is tapped with wells. Such water-bearing formations are of three kinds.

- (1) Broad, extensive, porous rock formations.
- (2) Deposits of porous materials in old lake and river beds.
- (3) Deposits of sand and gravel in glacial drift.

Number (1) embraces the artesian water-supply, which is limited to a few places in the United States. It does not concern us here in Brainerd. There is no artesian basin in this part of the state.

Number (2) embraces deposits not found in this part of the United States. They are characteristic of the western part of the U. S., and there they are only of limited extent.

Number (3) is the group that is of most importance particularly in the northern part of the U. S. where the immense deposits of glacial drift yield unlimited numbers of coarse sand and gravel saturated with water. That is the reservoir of water we will tap here in Brainerd, and we will tap it where thorough tests have demonstrated a large supply of water and a good quality of water. We have applied the sciences of engineering and geology, and have endeavored to throw in our limited measures of common sense. We have been endorsed by the State Board of Health, our own consulting engineer, and every engineer that we conferred with before engaging Mr. Wolff.

Violin "Camouflage."

The word "feet" is of Latin origin, and means made, or manufactured. It was in general use by the Cremona violin makers; and has been copied by modern makers, chiefly for deception. The modern imitators of old violins retained the old form of affixing the date.

Famous Tenor Being Congratulated Upon Having Become Citizen of United States

"Sure, I'm Irish, but I'm American too," said John McCormack, the famous tenor, just after he had taken out his final citizenship papers in New York City. The day he chose

was St. Patrick's day. He is seen here being congratulated by the clerk of the Federal Court before whom he was made a full fledged citizen of the United States.

NORTHWEST NEWS

Heroic Salvation Army

Jamestown, N. D., March 25—How Salvation Army lassies crawled to an outpost within 75 feet of a German trench to serve his company hot chocolate and doughnuts was told by Sgt. John H. Norton, home after nearly two years service in the army.

The sergeant was gassed last May wounded by a machine gun bullet at Soissons, and seriously injured on the Verdun front. As a souvenir of these injuries he carries a piece of the Hun metal which entered his hip at Soissons, and a numb thumb and forefinger on his left hand, results of the machine gun bullet which hit him November 6 while going over the top for a small village on the Meuse river.

Becomes Archbishop

St. Paul, March 25—(By Mail)—Rev. Austin Dowling of Des Moines today became Archbishop of the St. Paul diocese of the Catholic church succeeding the late Archbishop John Ireland.

Installation of the new hierarchy was begun at 10 o'clock this morning at the St. Paul cathedral when pontifical high mass was sung.

Representatives of the churches throughout the middle west attended the ceremony or greeted the new archbishop as he arrived from Des Moines early today at the union depot. He was escorted by a clerical delegation which met him at Des Moines.

Scores of people were at the depot and the cathedral was crowded as the new archbishop entered. Flowers and greetings banked both the cathedral and the archbishopric across the street. They came from all parts of the United States and from abroad.

Following the ceremony at the church a luncheon was given the visiting clergy at the Knights of Columbus hall.

Tomorrow evening a public reception will be held at the auditorium. Elaborate arrangements have been made by members of the church.

On Thursday night the St. Paul association will officially welcome the new archbishop to the city with a dinner at the Athletic club. Eight bishops of the archdiocese over which Archbishop Dowling will have authority will also be honored guests. They are:

Rt. Rev. Thomas O'Gorman, Sioux Falls, S. D.; James O'Reilly, Wehrle, Bismarck, N. D.; P. R. Heffron, Winona, Minn.; H. F. Busch, St. Cloud; Vincent, Crookston; and J. J. Lawler, Lehigh, N. D.

For Government Theatre

(By United Press)

London, March 6 (By Mail)—Sir Johnson Forbes-Robertson, noted actor, is heading a movement begun by the Shakespeare Memorial committee to buy Drury Lane Theater and operate it as a national theater and Shakespeare memorial.

The famous old theater is to be put under the hammer.

DISPATCH WANT ADS PAY

How's Your Family?

Is there an invalid woman who does not know how to get well? Is your sister, wife or mother depressed, anemic and weighed down by the troubles and

weaknesses of womanhood? When a woman is weighed down by weakness, backache, dizzy feelings, pain in the back of the head, or pain here and there, she should resort to Favorite Prescription, a splendid temperance tonic first prescribed by Dr. Pierce over fifty years ago.

The ingredients are printed on the label. It is made from wild roots and barks. This Prescription contains no alcohol or narcotics. Just the thing for the young married woman weighed down by her burdens. In girlhood, maidenhood, womanhood, it is the one tonic which is dependable, and can be had in tablets as well as liquid. "Favorite Prescription" makes weak women strong and sick women well.

FILLS THE BILL COMPLETELY

 MINNEAPOLIS, MINN.
 DISTRIBUTORS

plans have been submitted by leading architects of Paris, Rheims and other French cities. No one plan will be adopted but the city will pick out of each the features that seem the most desirable, and arrive at a final plan which will be approved by the city council.

Amongst the details already decided upon are big, broad streets for the principal arteries; workmen's quarters, with gardens, and three series of boulevards, like those of Paris and Brussels, forming complete circles, there being one inner circle of boulevards, then a middle circle and finally an outer circle.

It has also been decided that the buildings encircling the cathedral, nearly all of which are now in a complete state of demolition, will be cleared out entirely in order that the cathedral may occupy a vast open square where all of its beauty may be seen from any point.

Oil From Fruit Stones.

Salad oil is now being made from the kernels of peach, plum, apricot, and cherry stones. The kernels are first separated from the shells by a solution of calcium chloride of magnesium chloride, then washed, dried, and placed under pressure. The bitter taste or odor is removed by aeration or heating.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Bread Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

Billion Dollars Cost of Rebuilding Rheims

BY HENRY WOOD.

(United Press Staff Correspondent)
 Rheims, France, March 5 (By Mail)—The total cost for the reconstruction of Rheims, according to estimates just completed is placed at five billion francs, or \$1,000,000,000.

This is the figure of the indemnity which the Germans imposed on France at the end of the Franco-Prussian war and which they then considered sufficiently large to ruin France, commercially and industrially for years to come.

In spite of this terrific cost, due in part to the increased cost of building materials resulting from the war, Rheims is losing no time rising from its ruins. For the reconstruction of the city twenty complete

Appetite for Loot of Gang of Thieves Operating in Brainerd Appears Unsatisfied

JOHN HUGHES' STORE ROBBED

C. W. Koering's Meat Market Robbed of a Ford Tire—Gang Supposed to Work with a Car

What is believed to be a gang of thieves operating with an automobile is making its presence felt in Northeast Brainerd. After waylaying chicken coops the gang has now turned its attention to stores.

The store of John Hughes on Kindred street was robbed of approximately \$55 worth of candy and cigars. It is believed entrance was gained through the transom.

The meat market of C. W. Koering was robbed of a Ford tire.

The gang seems to have the appetite of a proverbial pot gang, for they show an especial fondness for chickens, more hen roasts having been robbed. In some cases these were blooded chickens and the owners are mad enough to fight.

Coupled with these activities come reports of the robbery of a cow.

KILLED IN OCTOBER, REPORTED IN MARCH

Unaccountable Delay Experienced in Case of Private Enoch Larson of 127th Infantry

FAMILY INVESTIGATION

After Correspondence Carried on by Father of Soldier Department Issues Statement

In a message received from the war department, brothers and parents of Private Enoch Larson, Co. L, 127th Infantry, were notified the soldier had been buried October 18, 1918, and that "death was to be determined."

Soldiers returning from the Toul sector reported to the family they had seen Larson when he fell wounded in battle. The family wrote repeatedly and letters were returned marked "Wounded."

The family demanded an investigation by the department and at length the telegram came in the month of March. Private Larson's father, August E. Larson, lives at McAllister, Wis. Two brothers, T. M. and A. K. Larson live in Brainerd.

GROSS EARNINGS TAX BILL AMENDMENT

Although killed by the tax committee of the senate, which voted unanimously to table it, the gross earnings tax on railways bill with 25 per cent of same apportioned to railway towns having railway holdings in their municipalities, has been revived through the mediation of prominent Twin City men and will again be brought to the attention of the senate.

If this second move fails, sentiment is forming in some communities to formulate a bill putting it up to the voters in 1920 to repeal the whole gross earnings tax and taxing railways on a new basis so that the benefits accruing from such taxation will be more equitably distributed than at present.

FUNERAL FOR SOLDIER

Private James P. Engelhart Funeral at St. Mathias Wednesday Morning

The funeral of Private James P. Engelhart of Co. C, 160th Infantry, who died March 18, will be held on Wednesday morning at 10 o'clock from the St. Mathias church, Father Dutresne officiating.

FILM SHOWS FAT AND CHAS. CHAPLIN

Sample Strip from "Sunnyside" Received by Dispatch from Tom Wood of Hollywood

FAT PLAYING A HEAVY PART

Charlie Chaplin Master of Many Musical Instruments, Works When the Mood Seizes Him

Oh Boy! Fat Wood will appear really and truly in "Sunny Side," the new comedy of Charlie Chaplin. As proof Fat sent a half a foot of film to the Dispatch showing Fat occupying two-thirds of the picture, Charlie Chaplin near by and the smallest man of the company, weight 90 pounds in the leeway of Fat.

A part of the film was given Frank Workman of the Best and Park theatres and he will have a slide made of it. Watch for it at the Best.

Tom (Fat) Wood has eventually

got both feet and his 500 pounds weight into the movie game and is playing a heavy part in the Charlie Chaplin company. He writes from Hollywood, Cal., under date of March 19:

Dear Friend John:

Have started to write you several different times, but something always turns up and I am delayed but will try and shoot you a few lines tonight and give you an idea of our work out here.

When I first came out here I came here a total stranger, did not know a soul, but inside of a week I believe that everyone in California knew that I was here and sure have been kept very busy ever since.

I had several very good offers from other movie concerns out here, but passed them all up to work with Chaplin, for I figure one year with a fellow like Charlie and I will be pretty well wised up in the game and get a whole lot of good experience and also a million dollars worth of publicity which I have gotten already.

The day I signed the contract with Chaplin, his publicity man Carl Robinson, a wonderful swell fellow, sent out photos of Charlie and myself, press notices, publicity, etc., all over the world, something that has never been known in the Chaplin company before. So I don't think that I made a mistake by signing for one year.

The picture that is now just about ready to be released, "Sunnyside," is a very funny picture. He has been over six months on this one picture so you can see that we don't work very fast out here.

I have not got very much of a part in Sunnyside because he had to fill in the stuff that I am doing on account of the picture being nearly completed, but the other members of our company all tell me that I had a big part in comparison to them in other pictures for some of them have been with Chaplin for years and have only worked in a couple of pictures. But I think in his next picture I will have a chance to get in on some real good comedy, at least I hope so.

Mr. Chaplin sure is a swell little fellow and I certainly enjoy working for him. He is not only a clever comedian, but also a very clever business head and a wonderful musician, playing the cello and violin exceptionally well.

We sure have a great time around the studio. Sometimes we go for ten or twelve days without taking a picture, because Charlie works different than any other picture company. He makes up all his gags as he goes along. We never know what is coming next. As soon as he gets to the studio in the morning he makes up, and comes out to the set he is working in and if he feels like going to work he does, but if he feels kind of uninspired he will walk around the stage, play his violin, organ, piano and many other instruments for hours at a time and all the time he is doing this he will be thinking of his gags. All at once an idea will strike him and he will start working.

After this picture is over he is liable to lay off for a month or so and if he does, I think I will take a run somewhere for a while and will be able to give you a better idea of the work there.

Have been royally entertained by the Elks here, Lodge No. 95, several different times. They have about 3,000 members and some home.

Would like to go on and tell you some of my different experiences, John, but it would fill a book if I did, so I think I will close for now. With best regards to all my Brainerd friends, as ever, your friend,

TOMMIE WOOD,
Care of Charlie Chaplin Studio,
Hollywood, Calif.

ROLL OF HONOR

Private Joseph Miller, son of Mr. and Mrs. Joseph N. Miller, of 719 South Broadway, served in the coast artillery in France. He landed in New York two weeks ago and was then ordered to Camp Taylor, Ky., for demobilization. He is expected home soon.

Private Harry M. Palmer in infantry service, has returned to Pillager after six months service overseas. He served in the 88th Division known as the Blackhaws.

2 FIRM CHANGES OCCUR IN BRAINERD

W. E. Erickson Disposes of Two Partners His Interests in Bye & Peterson Company

LAGERQUIST GROCERY IS SOLD

Mr. Erickson Acquires Stock from C. A. Lagerquist and Gains Lease of Quarters

W. E. Erickson, junior member of the clothing firm of Bye & Peterson Co., has sold his interests to his partners O. A. Peterson and John Bye and the firm will continue as Bye & Peterson. Mr. Erickson has been associated with them the past year and a half and only leaves the firm because of the opportunity presented him to purchase the grocery business of C. A. Lagerquist.

Mr. Erickson bought the Lagerquist grocery at 322 South Sixth street, acquiring the stock and securing a lease of quarters. Mr. Erickson was formerly in the grocery business with K. S. Bredenberg, 1302 East Oak street, and so is well qualified to re-enter that line.

Mr. Lagerquist has not been in the best of health and will spend the summer at his lake home at Nisswa. He has large real estate interests in Brainerd and in the fall of the year may again enter business.

VALUE OF PRINTER'S INK IS EXPRESSED

Only Business that can Make Money Without Advertising is the United States Mint

GROCERY ADVERTISEMENTS

They Bring Trade When Properly Written—Stone-Ordean-Wells Co. Criticism Given

Printer's ink means more business when properly applied in giving publicity to store news.

This is well expressed in a letter written by Harry A. Earnshaw of Stone-Ordean-Wells Co. of Duluth. To him was submitted some grocery advertising carried in the Dispatch and the letter follows:

"We fail to see how anyone could criticize you for writing this kind of advertising. These ads compare favorably with any retail grocery advertising that we have seen. In this day a man who does not believe in advertising does not believe in telephones, railroad trains or autos.

The only business that can ever make money without advertising is the Mint. Your plan of showing prices opposite each item is one that has been found successful by some of the greatest advertisers and is today the fundamental basis of all large store retail advertising. You are, therefore, on the right track in this respect.

"With reference to the editorials you have been running at the top of your ads, in our opinion they add to the value of your ads at least 100 per cent. In this respect also you are abreast of the best advertising plans of today. It has now become the custom of the largest retail concerns in the country to devote a part of their space each day to some little expression of this sort which may or may not have a connection with merchandise. Personally we believe that the editorial will be more effective if it does not make too strong an appeal for business.

"Our advice is to go right ahead doing your best and follow your own initiative regardless of what anybody says, and if you have a natural bent towards this sort of work, as evidently you have, you can greatly improve yourself by studying the retail advertising carried in newspapers of larger cities, such as New York, Chicago, Minneapolis, etc. There is a wide field for you in this sort of work if you have the right stuff in you."

The young man who wrote that grocery advertising in the Dispatch, followed Earnshaw's advice, sought a wider field and made good in an sensational manner as did Les Bush in baseball, Fat Wood in the movies, Wilfred Cavan (Billie) in cartoons. But the grocery man is a modest chap and did not want the Dispatch to publish his name.

It also brings out the fact that there is a lot of native latent talent in Brainerd which does not get full recognition at home, but must seek a wider sphere.

(Issued by and for James R. Smith, Brainerd, Minn.)

FOR ASSESSOR

I hereby announce myself a candidate for the office of City Assessor for the ensuing term, and respectfully ask your support for said office on Election Day. Assuring you that if elected, I will use my best judgment in being fair and impartial to all.

J. R. SMITH.

BRAINERD ON A NEW HIGHWAY

Saint Paul-Itasca Lake Division of the Mississippi River Scenic Highway

MEETING AT LITTLE FALLS

Brainerd to be Represented by Chamber of Commerce Delegation, Thursday, March 27

Brainerd will be an important city on a new highway, the Saint Paul-Itasca Lake Division of the Mississippi River Scenic Highway association. The following letter is self-explanatory and the Brainerd Chamber of Commerce will have a delegation at the Little Falls meeting to look after the interests of Brainerd. The letter reads:

March 22, 1919.
Mr. Fred T. Lincoln,
Sec. Commercial Club,
Brainerd, Minn.

Dear Sir:
A movement has been placed on foot to organize the Saint Paul-Itasca Lake Division of the Mississippi River Scenic Highway association, and a meeting is being called for that purpose next Thursday, March 27th, 3 o'clock, at this city.

Will you kindly arrange to have your city or town represented at this important meeting? Send a delegation and makes yourself a member of the same.

The Mississippi River Scenic Highway is now thoroughly organized from Saint Paul to New Orleans, through the following cities:

South Saint Paul, Hastings, Red Wing, Winona, LaCrosse (opposite La Crosse, Wis.) Caledonia and Ellettsville, Minnesota; Wukon, McGregor (the site of the proposed Mississippi Valley National Park), Guttenberg, Dubuque, Maquoketa, Clinton, Davenport, Muscatine, Wapello, Burlington, Fort Madison and Keokuk, Iowa; Hamilton and Quincy, Illinois; Hannibal, Troy, St. Charles and Saint Louis, Missouri; Memphis, Tennessee; New Orleans, Louisiana.

The proposed Saint Paul-Itasca Division would pass through the following cities:

Saint Paul, Minneapolis, Anoka, Elk River, Big Lake, Becker, Clear Lake, Saint Cloud, Sauk Rapids, Rice, Royaltown, Little Falls, Fort Ripley, Brainerd, Merrifield, Hubert, Nisswa, Pequot, Jenkins, Pine River, Cass Lake, Bemidji, Lake Itasca.

It is desired to have the organization perfected without delay so that representatives may be sent to the big meeting which is to be held at Memphis within the next ten days or two weeks. An effort was made recently to change the name of the trail to the Yankee Doodle Highway, diverging it out west from St. Paul. Let's be on the job and assure our cities. Will you be on hand? How many in your party?

Yours for the Mississippi River Scenic Highway,
W. E. OLSON,
Secretary.

It has been decided to have C. L. Moll, county engineer, as a delegate of the Chamber of Commerce to represent the city at the road conference in Little Falls.

FIGURING CAR COST

Answer Depends on Market Value of Buyer's Own Production—Examples are Given

"Automobiles that have not been priced fictitiously are cheaper today than they were four years ago," says a Duluth auto dealer. "This statement sounds like a paradox because there have been some advances in that period. As a matter of fact these advances were not in proportion to the cost of labor and materials.

"The price tag on a car today as compared with the price on the same car four years ago does not tell the true story. To get a fair idea of the present price there are vital facts to be considered. These relate to the average individual's earning power—the price he can get for the things he sells to make a living and the amount of the commodity he makes, which he must exchange in the open market for the article he wishes to purchase.

"The best illustration I can think of to explain this point is found in the business of the farmer. The latter's wages, or buying power, lie in his crops or their market value. The staple article on the American farm is wheat. In 1914, or about four years ago, the farmer received 90 cents a bushel for wheat. Therefore, if he wished to buy a car that then

Woman Not Worried Over Food Shortage

"I have lived on toast and water for over 6 months and have been scarcely able to eat anything for the past year. I began suffering from stomach trouble and bloating 5 years ago. A friend recommended Mayr's Wonderful Remedy and since taking 6 doses I feel I am entirely restored; even cabbage does not hurt me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

Rain Coats and Capes With Much Style A Large Selection

Women do not just want a garment that will protect against rain. They demand a garment that not only protects but at the same time appears as well as other garments.

You'll find these qualities in rain the garments we are now showing and we are sure you will like them.

H. F. Michael Co.

sold for say \$1,050 he, practically speaking paid about 1,166 bushels of wheat for it.

"Today if the car costs him as much as \$1,555 he has to pay only about 700 bushels of wheat for it because wheat today is valued at \$2.26 a bushel. In other words while the car has apparently gone up 50 per cent it costs the farmer only 60 per cent as much as it did four years ago."

EDWARD LOGAN

Freight Claim Agent of Northern Pacific Railway Died of Pneumonia

Edward Logan, age 45 and married, a freight claim agent of the Northern Pacific railway with headquarters in St. Paul, died at a local hospital from lobar pneumonia.

NOTICE

(Authorized by and for Lavinia A. Gemmell, Brainerd, Minn.)

To the Voters of the Second Ward: In consenting to become a candidate for a member of the Board of Education for the city of Brainerd, I have done so entirely at the solicitation of friends. I have been asked to run largely, I believe, because there has been a growing desire on the part of the people of Brainerd that women be represented on the Board. The good results of such representation have been widely demonstrated elsewhere. The schools are made up of children or young people and the teachers and the latter are in large proportion women. It therefore stands to reason that women should be in close touch with the complex problems of the schools. It has been suggested by Premier Clemenceau that women be represented on the proposed International Commission. Women carry the large burden of social welfare work and their counsel and co-operation are being increasingly sought in all matters pertaining to the public good. In the coming election for Board member in the Second Ward I believe the question will not be one of personality, but as to whether the men and women of the ward approve of placing women in public office, especially when such office has to deal with the all-important matter of the welfare of the children of the city.

(Mrs. W. H.) Lavinia A. Gemmell.

Family Verbs.

Speaking of odd verbs, it has been the custom for years in a certain Boston family to say when the weather has cleared, "It has nicened up." The other day, one of them was even heard to say, "It has nicened up nicely."—Boston Transcript.

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washbowl, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flame.

FOR SALE—Continued

FOR SALE—Good garden lots. South 10th and Broadway. \$50. Your terms. Nettleton. 6147-24813

FOR SALE—1917 light six Buick, or will consider trade with late model Ford. See car at Brainerd Motor Co. 6117-24516pd

FOR SALE—Four room house two lots, well. 650 So. 5th street. \$50 cash, \$10 monthly. Nettleton. 6150-24813

FOR SALE—High top deeks and law books of Mantor estate. Inquire F. E. Ebner, First National Bank Bldg. 6106-2421f

LONG ISLAND IS STARTING POINT

Naval Seaplanes Are Preparing for Flight Across Atlantic Ocean.

TRIP OCCURS IN MAY

Acting Secretary Roosevelt Orders Destroyer Barney to Newfoundland to Study Harbor Facilities There.

Washington, March 25.—Naval seaplanes which are to attempt a flight across the Atlantic ocean in May will start from Rockaway Beach, Long Island, but the actual "jumping off" place will be much farther up the coast, possibly at some point in Newfoundland.

Whether the machines will steer a direct course for Ireland or follow the longer route, via the Azores, apparently has not yet been determined.

Acting Secretary Roosevelt announced the destroyer Barney had been ordered to proceed to Newfoundland to investigate the harbor facilities in order to determine the best place from which the machines could put out for overseas and the harbors in which landings could be made, in event it became necessary for them to descend on the voyage from Rockaway to the flight base.

Kaufman to Command Barney. Lieutenant Commander J. L. Kaufman will command the Barney, which is one of the modern destroyers, and Commander P. N. D. Bellinger of the trans-Atlantic section of the office of the director of naval aviation and Lieutenant E. F. Stone of the coast guard, have been detailed to make the investigation. Unless difficulties with ice floes are encountered, the Barney is expected to return within 10 days, when the officers will submit their report at Washington.

In disclosing that the planes would leave the naval aviation station on Long Island, Mr. Roosevelt said it was regarded as preferable to fly the machines to the base to be selected for the flight rather than to transport them by ship. The aircraft will be refueled and given a final tuning up before they actually depart overseas.

Several Machines Being Prepared. Several machines are being prepared for the flight and two or more very probably will make the start. Three planes of the N. E. type have been completed and a fourth is nearing completion at the Curtiss plant at Garden City, N. Y. Extensive tests of the N. C. 1 have been made and 51 passengers were carried on one of her flights.

Detailed plans of the flight are being carefully safeguarded and there has been no intimation as to whether the ships will go together or follow different routes.

WASHINGTON IS DISTURBED

Rumor That Czeck President Resigned Is Not Confirmed.

Washington, March 25.—The State department has no advice regarding the reported resignation of President Masaryk of Czechoslovakia. Officials, however, were much disturbed by the Copenhagen dispatch, quoting a Berlin report that Mr. Masaryk had resigned and said if the report were confirmed it would be a detriment toward peace in central Europe.

Professor Masaryk, it was said, had been in full accord with the peace conference proceedings and his firm stand against Bolshevism had been counted on to aid in restoring order throughout state bordering on Czechoslovakia.

PHELAN CABLES OBJECTION

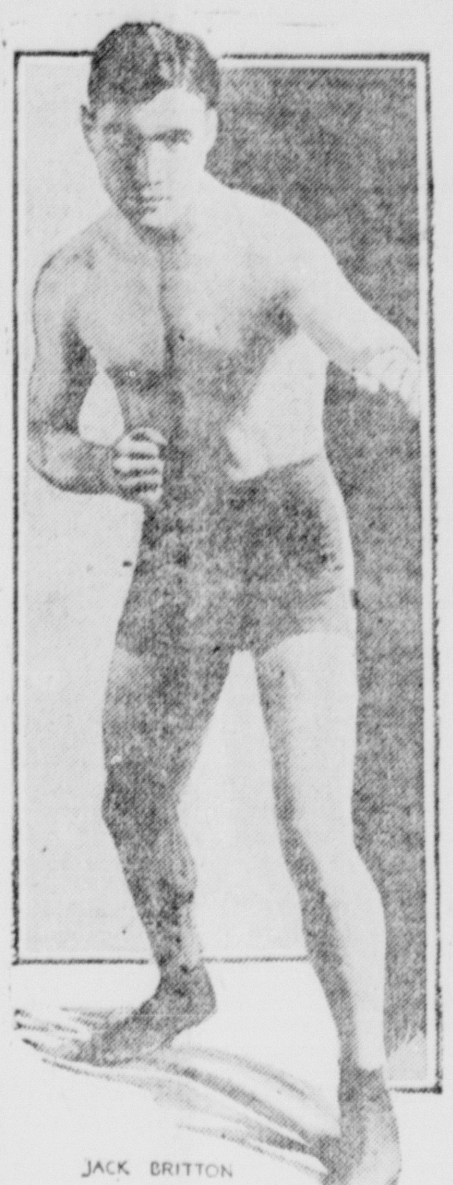

California Senator Opposes Plan for Oriental Equality.

Washington, March 25.—Senator Phelan of California, Democrat, has cabled the American peace commissioners in Paris, protesting against any provisions in the proposed constitution for the league of nations giving racial equality to Orientals. The California senator sent a copy of his cablegram to Senator Borah of Idaho, with a request that the latter support his protest.

SUSTAINS EIGHT-HOUR DAY

Federal Supreme Court Holds Valid Arizona Law for Women.

* Welterweight Who Won *
* Title from Lewis After *
* They Met in Ring 18 Times *

JACK BRITTON

After battling eighteen times with Ted "Kid" Lewis, Jack Britton has regained the welterweight title from the Englishman. Britton won the eighteenth fight at Dayton, O., with a knockout in the ninth round, the first knockout in all their string of bouts. And Britton is not a youngster. He was born in 1885. Both Britton and Lewis had had twenty-round decisions over each other, the title changing hands each time.

SUFFRAGE BILL IS SIGNED

Burnquist Approves Measure for Women's Vote on President.

St. Paul, March 25.—Women in Minnesota now have the right to vote on presidential elections. Governor J. A. A. Burnquist, declaring the measure constitutional, in his opinion, signed the bill passed by the legislature recently, in the presence of proponents and opponents of suffrage. The bill was presented to Mrs. James Forester, St. Paul, who plans to forward it to Mrs. Andrew Ueland, Minneapolis, president of the Minnesota State Suffrage association.

The governor acted favorably on the measure after considering briefs on the question of its constitutionality.

MOUNT ELBRUZ IN ERUPTION

High Russian Volcano Was Supposed to Be Extinct.

London, March 25.—Mount Elbruz, in the Caucasus, has been discharging smoke for several days, a Russian wireless message from Moscow reports Rostov newspapers as saying. Blocks of ice which have been above the snow line of the mountain for hundreds of years, it is added, are being carried to the foot of the mountain in torrents.

Mount Elbruz is 18,500 feet high and the highest mountain of the Caucasus. It was supposed to be an extinct volcano.

Chicago Firm Suspends.

Chicago, March 25.—The brokerage firm of Lipsey & Company, a \$50,000 corporation, has notified the secretary of the Chicago Board of Trade that it had ordered all of its accounts closed. The firm is said to have been dealing largely with country customers.

Ambassador Sharp Coming Home.

Paris, March 25.—William Graves Sharp, retiring American ambassador to France, has decided to sail for home April 11.

WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the joints and lower abdomen, difficulty in urinating, all are indications of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Lumbago Oil Capsules.

This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease. It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand, in sealed packages, three sizes.

You Profit By Our Bigness

Our size enables us to:—

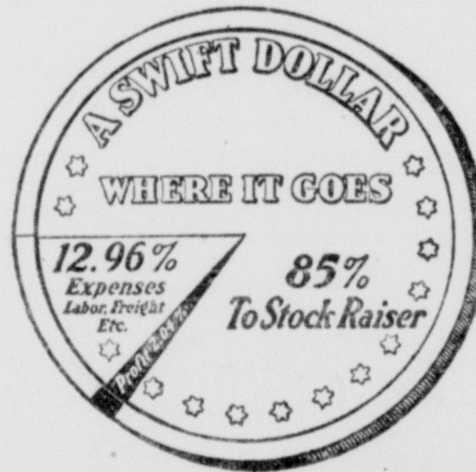

- Furnish cash markets for all live-stock offered;
- Operate at minimum costs;
- Stay in business on a profit of only 2 cents on the dollar of sales;
- Eliminate waste;
- Get the surplus live-stock products from the West to the millions of consumers in the East.

There is No Menace in Size:—

- As long as we are in keen competition with the other packers;
- As long as there are hundreds of firms in the business;
- As long as we handle only about 12 per cent of the meat supply of the country and only about 22 per cent of the meat that is inspected by the United States Government;
- As long as our bigness is used to your advantage—as it is now—and as it must be in the future if we are to do a profitable business. The permanence of a business depends on the goodwill of those it serves. No large business can prosper that is not recognized as giving in exchange for its earnings an equivalent measure of helpful service.

Everybody Laugh!

The girl who laughs because she is sunny-hearted, and finds things to enjoy as she goes along, adds enjoyment to others as they go along. There is something in a smile that cuts out a smile, and spontaneous laughter is the most catching thing in the world. No one who hears a joyous laugh is likely to scowl in response.

State of Minnesota, county of Crow Wing, ss.

District Court, Fifteenth Judicial District.

In the matter of the application of Mille Lacs Mining company, a corporation, to register the title to the following described real estate situated in Crow Wing county, Minnesota, namely:

The Northwest quarter of the Northeast quarter (NW 1/4 of NE 1/4) the North half of the Northwest quarter (N 1/2 of NW 1/4) and the Southwest quarter of the Northwest quarter (SW 1/4 of NW 1/4) of Section Numbered Ten (10), Township Numbered Forty-four (44) North of Range Numbered Twenty-eight (28) West. Applicant, vs.

George Smith, and all other persons or parties unknown, claiming any right, title, estate, lien or interest in the real estate described in the application herein.

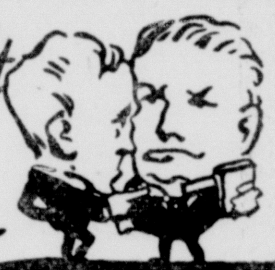

The State of Minnesota to the above named defendants.

You are hereby summoned and required to answer the application of the applicant in the above entitled proceeding and to file your answer to the said application in the office of the Clerk of said court, in said county, within twenty (20) days after the service of this summons upon you, exclusive of the day of such service, and, if you fail to answer the said application within the time aforesaid, the applicant in this proceeding will apply to the court for the relief demanded therein.

Witness, W. A. M. Johnston, clerk said court and the seal thereof, at Brainerd in said county, this 15th day of February, A. D. 1919.

W. A. M. JOHNSTON, Clerk
M. E. RYAN, Attorney for Applicant.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). Always dependable.

30 and 60c jars; hospital size \$2.50.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

LEAGUE AMENDMENT TO SATISFY AMERICA

FRAMERS STUDY STRONG POINTS

League of Nations Commission Reads Lodge, Lowell and Knox Addresses.

MAY REPORT CHANGES

Advocates of World Powers Society Maintain That Perfecting Covenant Is Not Retarding Progress of Treaty.

Paris, March 25.—The main points of the recent debate between Senator Lodge and Dr. Lowell and the text of the speeches of Senator Lodge and Knox are being gone over by the league of nations commission and are aiding in shaping the changes in the league draft.

The amendments have been divided into three classes: First, those by neutrals; second, those by an American senator; third, those framed by President Wilson, Colonel House and Lord Robert Cecil. The last named group includes all points which the framers of the instrument believe will clarify its meaning and satisfy objections in all quarters.

The advocates of the league of nations maintain it is in no way retarding the progress of the peace treaty, as the league meetings are held at night and are nearing a conclusion, where the obstacles to the treaty are on questions of principle, on which the premiers thus far have been unable to secure an agreement.

The war council again dealt with Poland, which question is close to settlement. It is understood that the recommendations of the Cambon committee for a Polish corridor across East Prussia to the Baltic will prevail, despite the objections raised by Premier Lloyd George. The Polish divisions at present in France probably will proceed to the Baltic and may land at Koenigsberg, instead of Danzig, in order to avoid a clash with the Germans over Danzig.

The league of nations commission resumed its sessions, President Wilson presiding. It was not believed that the large number of amendments would be completed and the revision of the covenant concluded without another meeting.

SIBERIANS OPEN OFFENSIVE

Kolchak Forces Making Progress Against Anarchists.

Paris, March 25.—Siberian troops of the Kolchak government have successfully begun an offensive west of the Ural on a line from Perm to the Trans-Siberian railway, advices from Omsk say. At certain points the Bolsheviks have been driven back more than 30 miles.

The Siberians have captured Oskansk, 50 miles southwest of Perm. On a 50-mile front between Oskansk and Osa along the Kamama river the Bolsheviks have been driven back 20 miles.

WILSON WATCHING EVENTS

President Is Kept Informed on Hungarian Developments.

Paris, March 25.—President Wilson is following closely the situation in Hungary, which has set up a soviet republic and formed an alliance with the Russian Bolsheviks. Every bit of official and unofficial information was presented to him as fast as it was received.

While Hungary's action in itself was not regarded as serious, it was thought to indicate the feeling throughout Europe as a result of delay in the peace settlement.

WASHINGTON GETS REPORTS

State Department Hears Hungarian Situation Is Serious.

Washington, March 25.—First official reports on the Hungarian situation show a very serious condition, State department officials said. The new government is extremely radical, the foreign minister being the former aide de camp of Trotsky. He is a Bolshevik, the State department was informed.

No word was received as to how general the uprising is, or whether it extends beyond Budapest.

ANARCHISTS CLAIM VICTORY

Successes by Bolsheviks Reported in Black Sea Region.

London, March 25.—Successes by the Bolsheviks in the Black Sea region were reported in the Bolshevik official communiqué received from Moscow. The statement said the Bolshevik armies drove the Allies back in disorder between Voznessensk and Odessa, defeating an entire division. On the Archangel front, the dispatch said, an Allied outpost was captured.

ARCHBISHOP DOWLING

Installation Ceremonies Take Place in St. Paul Cathedral.

Most Rev. Austin Dowling has been formally installed as archbishop of the St. Paul See, succeeding the late Archbishop Ireland.

STEAMER IN DISTRESS

Vessel Carrying Troops Sends Out Calls for Aid.

Transport Melrose Has Lost Her Rudder and Is Helplessly Drifting on Atlantic.

Halifax, March 25.—The steamer Melrose, which left St. Nazaire on March 9, for New York, sent out wireless calls for help, saying that she was in distress. A message picked up here said that the ship had lost her rudder.

The message gave the position of the Melrose as latitude 33.35, longitude 50.50. If these figures are correct, they would indicate that the steamer had drifted far south of her course, as the position given is about 900 miles almost due east of Bermuda.

The Melrose registers 3,391 tons. The steamer Melrose, reported in Halifax dispatches to be in distress about 900 miles east of Bermuda, sailed from St. Nazaire, France, March 9, for Newport News.

War department records show the troops on board to consist of a detachment of the 317th tank corps company, the number of men not given; an ordnance detachment of one officer and 21 men, and two casual officers, one of the medical corps and the other of the air service.

LEAGUE SENTIMENT GROWS

Senator Hitchcock Lays It to Red Tactics in Europe.

Washington, March 25.—The sweep of Bolshevism across Europe, coupled with the opposition tactics of France and Japan, form the strongest arguments for the league of nations and will strengthen it in American public opinion, Senator Hitchcock, foreign relations committee, declared.

"I believe sentiment for the league is gaining," said Hitchcock. "Undoubtedly the desire to know about it is growing and from the firm tone of the many invitations to speak that I am receiving I should say this desire for information is friendly rather than hostile."

RELEASE ANARCHIST AGENT

German Officials Free Russian Arrested February 13.

Copenhagen, March 25.—Karl Radek, the leading Russian Bolshevik agent in Germany, who was arrested Feb. 13 in connection with the Spartacan uprising, has been released by the German government, according to a Berlin dispatch.

This message reports fresh agitation by the German Spartacans coincident with the Hungarian revolution and reports that in these circumstances the release of Radek had created a bad impression.

COMMITTEE PROBES PRICES

Investigating Sales of Sand and Lumber at Chicago.

Chicago, March 25.—Sand and lumber prices were made subjects of inquiry by the legislative committee investigating the high prices of building materials.

The evidence showed that a large percentage of the sand sold in Chicago for building purposes is controlled by a few firms and that these concerns have intimate business relations with each other.

Spartacans Are Planning Third Revolution in Germany

BY FRANK J. TAYLOR, (United Press Staff Correspondent.)

Berlin, via Courier to Paris, March 25.—The Spartacans are planning to launch their third revolution before the first of April. This revolt it was learned from the Spartacans themselves today is intended as the signal for a general bolshevik uprising through central Europe. The Russian bolsheviks have been asked to start an invasion to insure the revolution's success. The Spartacans expect to open hostilities without warning, since the general strike that preceded the last revolution gave the government time to prepare.

An amendment will be framed protecting the Montec Doctrine.

Conference Will be Speeded Up

Paris, March 25.—President Wilson has asked the peace delegates to hurry in view of the spread of bolshevism westward. As a result it is believed the conference program will be speeded up.

Allied Occupation of Hungary is Imperative

BY FRED S. FERGUSON (Staff Correspondent, United Press)

Paris, March 25.—American or allied troops must be rushed into Hungary at once to save the situation, was the opinion expressed in advices received today by the peace conference from its agents in that country. The allied forces now in Hungary are now entirely inadequate, it was stated, and must be immediately and heavily reinforced to prevent Bolshevism from obtaining a foothold from which it can spread into western Europe. The conference has been deeply impressed by the collapse of the Hungarian government and succeeding events. The supreme war council proceeded with its routine business yesterday, but was deeply concerned over the situation.

***** ALLIED COMMISSIONERS INTERNEED IN BUDAPEST *****

(By United Press)

London, March 25.—Travelers reaching Vienna from Budapest report that all entente commissioners have been interned by the new Hungarian government, an exchange telegraph dispatch from Vienna reports.

***** BRITISH MONITORS HAVE ARRIVED AT BUDAPEST *****

Paris, March 25.—Two British monitors have arrived in Budapest after being fired on en route, it was reported in a dispatch received through diplomatic channels today. They proceeded to the Hungarian capital along the Danube from Belgrade.

One British patrol boat was said to have been seized by the Hungarians, but was returned later with apologies. Reports received in official circles here declare that American representatives in Budapest have been assured of every protection, and may be asked to remain. Martial law has been proclaimed in Hungary and the death penalty prescribed for armed resistance, robbery and plundering. The sale of liquor has been prohibited under \$10,000 fine.

***** ARCHBISHOP DOWLING FORMALLY INSTALLED *****

(By United Press)

St. Paul, March 25.—Austin Dowling was formally installed as Archbishop of the St. Paul diocese this morning.

***** JAPAN'S PLAN CRITICISED *****

Peking, March 24.—Japan officially is advising China not to touch the 17,000,000 yen unpaid balance of the war participation loan. Meantime, negotiations have nearly been completed between the Okura company and the Chinese war ministry for a loan of 100,000,000 yen, the security for which is to be the Feng-Huang-shan iron mines and surrounding territory. The plan is to organize a Chino-Japanese company which will give the Okura company first call on all its products.

BY ED. L. KEEN, (United Press Staff Correspondent.)

Paris, March 25.—The reconstruction of the League of Nations has progressed to a point where a report can be presented any time the allied leaders demand, it is announced today. The league committee completed the new draft of sixteen articles last night at eleven thirty. The commission adopted an amendment excluding all domestic matters from the league jurisdiction, thus protecting America's immigration policy.

An amendment will be framed protecting the Montec Doctrine.

***** SOVIETS MINISTERS EXCHANGE INFORMATION BY WIRELESS *****

(By United Press)

Paris, March 25.—Foreign Minister Tchitcherin of the Russian soviets, wireless Foreign Minister Bela Kun of the Hungarian soviets, of the Bolshevik situation as follows: "Field Marshal Von Hindenburg is advancing on Kovlo, the Poles have taken Baramovitch and are marching on Vilna and Minsk. The Ukraine red army is nearing Odessa. Admiral Kolchak's offensive has been stopped. General Denikin has been driven northward by the Bolsheviks.

***** CRISIS PRECIPITATED *****

Neutral Zone Order Brings Action by Hungary.

London, March 25.—It was establishment of the neutral zone on the Hungarian-Romanian frontier which the peace conference had decided upon which precipitated the Hungarian crisis, according to a Vienna dispatch. This zone was intended to make the Hungarians desist from attacking the Romanians and to close the gap between Roumania and Poland.

The Entente note defining this zone was dated March 19, the Vienna advices state. The zone was fixed as a belt 140 miles long and 40 miles wide, virtually shutting Hungary behind the rivers Theiss, Szamos and Maros, and including the towns of Grosswarden, Debreczen and the entire country behind them.

The note required the withdrawal of the Hungarian troops behind the western boundary of the belt within 10 days and authorized the Romanians to advance to the eastern boundary. The civil government of the neutral zone was to be exercised by Hungarians under Allied control, but the important points would be occupied by Allied troops.

Commentators declare the signs are not wanting that Germany is in collusion with the bolsheviks. Dr. Bernhard Dernburg, the former German colonial minister, writes to the Berlin Tageblatt that Germany, threatened with dishonor instead of security on the west, must turn eastward to satisfy her needs and realize her future.

Will meet Wednesday, March 26, at 8 P. M. There will be work in the range page. All members please attend. It

W. H. Freeman of St. Cloud, a representative of the Gopher-Billboard Co., was in the city on matters connected with his company.

Mrs. H. J. Wilson and daughter Jane, who have been visiting friends in the city for two weeks, returned yesterday afternoon to their home in St. Paul.

April Columbia Records have arrived. Ask to hear No. 6093. Folsom Music Co. 246tf

At Verndale there is an epidemic of mumps. Even the printer of the Verndale Sun got an attack. His face swelled up so he looked like a new edition of the sun.

Irvine Chrysler, who has a fine farm 21 miles from Brainerd in the Platte Lake country, was in the city today.

today. He said the roads were muddy in places, but were rapidly drying out.

H. Thursdale of Bemidji, prominent roadway builder who built a section of the Gull lake national highway, was in the city today. He closed a contract to build a roadway between St. Cloud and Sauk Center.

Verndale has an enterprising doctor, Dr. C. A. Corse. In addition to his profession as physician and surgeon he conducts a drug store and has recently added a grocery store and ice cream parlor to his business activities.

J. H. O'Brien of 518 South Ninth street is now traveling for the Van Paper Supply Co. of St. Paul, dealers in all kinds of wrapping paper, bags, twine, paper towels, etc. Mr. O'Brien covers quite a territory, traveling out of Brainerd.

Mrs. Regan, 512 North 4th street, has on display in a front window of her home a red Anaryllis with twelve flowers, each six inches in diameter, with nine more buds ready to break into bloom. The flower stems are two feet in height.

Masons Attention

Aurora Lodge No. 100, will give a dancing party including entertainment and cards after the regular meeting Tuesday night, March 25th, 1919, for Masons and their ladies.

At the home of Jacob Thoe on Quince street near Broadway, the whole family is sick. Mr. and Mrs. Thoe are suffering from severe colds, their four children are sick and to cap the climax, Mrs. Thoe's sister who came to nurse them, also got sick.

Just received a large shipment of Pathe Records. Hall Music House. 247tf

Dispatch want ads measured 28 inches in Monday evening's paper. There were 6 help wanted, 3 for rent, 24 for sale and 8 miscellaneous wants. Telephone your wants to the Dispatch, Northwest 74, or mail the ad or have it sent to the office. Ads are cash, cent a word first insertion, half a cent a word each time thereafter.

Mr. and Mrs. R. R. Wise have returned from five weeks spent at Shakspeare where they took the mud baths at Mudena and were both greatly benefited in health. Mr. Wise started to lay aside all business cares, but in the period there he was summoned to St. Paul several times on legislative matters and state improvement work, attending important conferences. The springs resort is in charge of Dr. Fisher and the place is growing so popular as to be crowded at all times with patients. Brainerd was represented by nine people taking the baths. Mrs. Wise is feeling much better and it is believed that the lake air and automobile drives will completely restore her to her usual good health.

Time Is Money There.

According to a Paris mathematician the adoption of Greenwich time as the standard for France increased the lighting expense of every French household about 1 per cent.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.

"JOHN CHINAMAN AT HOME" LECTURE

"John Chinaman at Home," is the subject of a lecture to be given this evening by Rev. R. E. Cody at the First Methodist church. The lecture will be illustrated by many very fine slides which show the life and customs of the people in Central and West China where Rev. Cody's sister spent 11 years of her life in missionary work.

This will give a splendid opportunity for young and old to become more familiar with John Chinaman, our neighbor on the other side of the earth. There is no charge for this lecture but a collection will be taken. Every one is welcome to come.

PVT. HARRY HANSON

Serving in 7th Co. M. P. American E. F. in France. Writes to Dr. C. A. Nelson

Private Harry Hanson, in 7th Co. M. P. American Expeditionary Force, A. P. O., 793, in a letter from Bernecourt, France, writes Dr. C. A. Nelson under date of February 25:

"My dear friend—Your very interesting letter received and it is needless to say that it was very much enjoyed. I have written to you several times, but it seems the letters did not get through.

In regards to the duties of the Military Police, I must say that they are many and various. In the first place a Military Policeman must know everything in regard to his division, such as the location of division headquarters, regimental headquarters and where all units and detachments are located, must know where all towns are and where all roads lead to, also they must maintain order at all times, see that all men are properly dressed, pick up A. W. O. L's and a thousand and one other things or to sum it all up, an M. P. is a general information bureau.

We do not stay in one place long, but keep moving from one place to another. I don't know where I will be when this reaches you. I don't know how soon or how long it will be before I get back, but I assure you that I will be just as happy as the next one. They seem to be stirring up quite a fuss over there about service stripes, claiming that they did not have a chance to come across. I would gladly exchange places with any of those men if they think it is so much fun to wade around and live in this French mud.

I must say that Uncle Sam is the best old uncle in the world, he is doing everything that can be done to make life cheerful. We have plenty of good clothes and food and I am just as fat as the next one.

A new depot is very much needed in Brainerd, so here is hoping that they keep their word good. I was just thinking that it is no joke making a living back there at present prices."

Wireless Phone May Span Ocean

(By United Press)

New York, March 25.—"Hello! Hello! Is this New York? Yes! Well, how's every little thing along Broadway?"

"Ah, hello, there, cousin! How's dear Old Lannon?"

A telephonic conversation between London and New York? Yes, certainly. And at no very far distant date, either.

At least that's what the Marconi wireless experts are saying in New York. And they ought to know—for the experts have been making some very exhaustive experiments.

Roy A. Weagant, Marconi's chief engineer, announced shortly after the armistice was signed that this new discovery would quite eliminate the interference of static electricity from radio-graphic currents. At first the scientific world was skeptical. They didn't think it could be done.

Nevertheless, Weagant was correct in his deductions, according to the Marconi company, and as a result plans already are under way for the installation of a wireless telephone system between New York and London.

Statics, or "strays," as they are known in the bewildering languages of the wireless experts, are loose, uncontrolled electrical elements. Weagant told the members of the New York Electrical Society, and these statics stray into the wireless messages sent through the air. They cause such a din at times that the messages are drowned. He has discovered the natural law which causes statics to travel in a vertical path.

Weagant added while the wave links of a radio message take a path parallel with the earth.

Weagant's discovery makes it possible to catch the statics going one way and the wireless wave going at

right angles. In this way the two are kept from coming into contact and practically all of the trouble is thus eliminated.

In commenting upon the discovery, Marconi officials said that the elimination of atmospheric interference perfects the wireless to such a degree that transatlantic telephony is a comparatively simple matter. As a result, the wireless telephone will soon conquer the ocean, the experts maintain, and the human voice, speaking in New York, will quickly find an echo in London.

Wasn't it S. F. B. Morse who asked, "What hath God wrought?"

Army Officer Shoots Self to Death.

Chicago, March 25.—Captain William Murray, an army officer of New York, who had been stationed at Camp Grant, shot himself to death in a hotel room. He left a note to his widow which is believed to have contained an explanation of his suicide.

Peru Asks Bids for Air Line.

Lima, Peru, March 25.—The government has invited American and European bids for starting an aerial mail service in Peru.

German-American Catholic Head Dies.
New York, March 25.—Joseph Frey, president of the German Roman Catholic Central Federation of the United States, died at his home from heart disease. Mr. Frey was born in Germany 65 years ago and came to this country in his youth.

Belgium Seeks Nitrates in Chile.
Santiago, Chile, March 25.—Belgium is negotiating in Chile for the purchase of 100,000 tons of nitrates for agricultural purposes, it was announced.

WOMAN'S REALM

DOLL CONTEST HAS BEEN STAGED

Novel Entertainment Provided by the Royal Neighbors Lodge at Elks Hall Wednesday

LUNCH AND A PROGRAM

Every Royal Neighbor Member to Invite and Escort a Friend to the Hall in Evening

The Royal Neighbor lodge has planned a novel entertainment for Wednesday evening at their meeting place in Elks hall.

There will be a doll contest, a handsome one having been donated by Mrs. Fred Luken. The young lady will be christened in secret and then every one acquiring a ticket will have a chance to guess her name. The winner gets the doll.

A lunch and a program are also features on the entertainment. Every Royal Neighbor member is privileged to bring a friend and from the interest already evinced it is evident there will be a large attendance at the hall Wednesday evening.

K. of C. Dancing Party

The Little Falls K. of C. lodge will give a dancing party on Tuesday, April 29th, at Little Falls, which promises to be one of the leading social functions after the Lenten season. The Blue Ribbon 6-piece orchestra has been engaged to furnish music for this event. The personnel of the orchestra will be Edwin Lee, violin; Walter Frampton, piano; Torval Anderson, cornet; R. H. Rehl, clarinet; James Crockett, trombone; Geo. Putz, drums.

At the Best Today

In her latest Select Picture, "Her Great Chance," Alice Brady has a splendid supporting cast, and when this drama is presented at the Best theatre to-day, motion picture and theatrical fans will recognize in the part of the hotel proprietor, Jeffer-

son de Angelis, one of our best known comedians. Though well up in years, Mr. Angelis still retains his old love for fun and the stage, and in this new photoplay he is the owner of a famous road house on the Palisades. Here he enters to New York's select class, and when Charlie Cox, the young millionaire, endeavors in a drunken escapade to drown him in a pool, it is too much for him. He sues the father for damages and this is the means to Charlie's disinheri-

Women Will Celebrate Granting of Suffrage

(By United Press)

St. Louis, Mo., March 25—Women who are interested in suffrage and kindred questions are anticipating with keen pleasure the Women Voters Conference to be held in connection with the 50th anniversary of the National American Suffrage Association March 24 to 29 inclusive.

In 1869 the National Suffrage Association and the American Suffrage Association were formed. They were merged in 1890 into the National American Woman Suffrage Association.

Among other things the Women Voters' Conference will try to find an answer to the question, "Why Does the United States lag behind other nations in extending the vote to its women?"

In 1869, Wyoming led the world by the grant of full suffrage to its women. The convention will celebrate the fiftieth anniversary of this event.

FOR SEVERN SWANSON

Bookkeeper of First National Bank Given a Farewell Party by Church Congregation

Severn Swanson, bookkeeper of the First National bank of Brainerd, soon to leave for Bozeman, Mont., where he has accepted a position with a Bozeman bank, was given a farewell party by the congregation of Bethlehem Lutheran church of South Seventh street and presented with a leather traveling bag and a goodly purse of money.

The gathering met in the church basement and was well attended. Mr. Swanson appreciated deeply the attentions conferred on him and thanked all for the courtesies shown him.

Bethlehem Ladies' Aid

The Ladies' Aid of the Bethlehem Evangelical church, corner Main and Bluff, will be entertained on Wednesday, March 26, at 2:30 P. M., by Mrs. H. Kaatz and Mrs. F. Dreiling, at the home of Mrs. F. Dreiling, 611 2nd Ave. N. E.

At the Best Tomorrow

Chief among the big features that make "Sporting Life" so notable a photoplay is a scene showing the English Derby at Epsom Downs. "Sporting Life" is an adaption by Maurice Tourneur of the celebrated Drury Lane melodrama of the same name which was produced in 1897 and which has held the stage periodically ever since. It will be shown at the Best theatre tomorrow.

The story deals with a young British nobleman who seeks to rehabilitate his fortunes which are at a low ebb. He is a thorough sportsman and he backs a prize fighter, and his own mare Lady Love, to win the Derby. Both events are carried through successfully, but not without serious difficulties laid in the young sportsman's path by a relentless enemy. There is a charming love story which holds much suspenseful interest.

The story is an excellent one and from every standpoint, "Sporting Life" is a most notable production. The principals in the cast include Ralph Graves, Warner Richmond, Charles Craig, Constance and Fair Binney, and Willette Kershaw.

Usefulness Always the Final, Determining Test

When a corporation looks around for a new president, a congregation for a new minister, a housewife for a new servant, a firm for a new clerk, a state for a new senator, a superintendent for a new foreman, a college for a new professor, what is the one test applied? Who is it each seeks to find? Usefulness is the final, determining test. All endeavor to choose the one who will prove most useful in the position. Every aim and end of society, of the world, is to produce men and women who will be useful, who will be helpful, who will be able to serve mankind.—Forbes Magazine.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Ex-Kaiser's Helmet, Worn on Parade, Part of Loot Found in Former Palace

William Hohenzollern used to wear this helmet on parade occasions but the odds are ten to one that it didn't look as well on him as it does on this friend of Lowell Thomas, American war correspondent. The helmet was appropriated as his part of the loot by a Spartacus soldier during the riots in which the deposed Kaiser's palace in Berlin was sacked and all his uniforms taken. Mr. Thomas, who was reporting the rioting, bought this interesting souvenir from the Spartacus and brought it to New York.

Getting Back to a Peace Basis

(By United Press)

Washington, March 25—Washington is getting back to a peace basis rapidly.

Uniforms are daily becoming more scarce on the streets and in public places.

There are not so many automobiles on the streets either. Where motor cars whose owners could not find garages were once parked throughout the residence section, such a sight is now a rare one.

Theaters formerly were sold out from footlights to gallery. Now there are frequently vacant seats.

The long lines outside the popular priced restaurants have disappeared too and one can get a meal without fighting for it.

The exodus is on.

DISPATCH WANTS GET RESULTS

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

OLD PAPERS—5c BUNDLE

Yesterday a good Maxwell —Today a Better One

THAT is the policy of the Maxwell Motor Company.

It began five years ago on a single chassis plan and today 300,000 Maxwells have been built on this program.

Not 300,000 Maxwells identically alike—for that would be admitting that the car has never improved in five years' time.

More than 1000 refinements have been made in the Maxwell.

But the original chassis plan was not changed. It has simply grown better as the days went by.

The logic of building one thing and thus building it well is too clear, too sound, too emphatic in results to argue against.

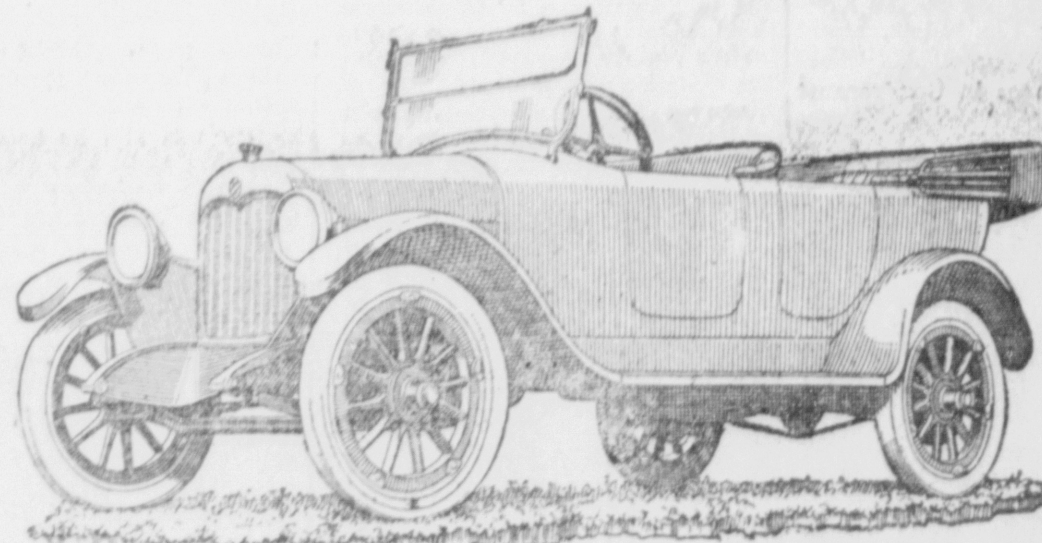

Like any fine piece of machinery the Maxwell seems to improve with age.

It runs on and on without end. We have never heard of a Maxwell salvaged.

There is no car with a better road ability record. And it saves many a thrifty dollar by shying at the repair shop.

This Maxwell you see today is not a new Maxwell; though many persons have thought so. It has been so much improved in appearance that our contemporaries in the trade repeatedly refer to it as the new Maxwell.

However, good looks have not in any way handicapped its running. And the latter is the main thing, after all, in a motor car.

"Mamma, Give me another — They Taste Like Candy"

When your child is feverish and peevish—when the tongue is coated because of biliousness or disordered stomach, give it one of DR. MILES' candy-like LAXATIVE TABLETS and in a short time the child will be naturally relieved of the cause of its illness.

No coaxing or urging is required to get children to take these mild, but effective laxatives. When children once use them they never refuse them. So much better than nauseating oils or strong, griping cathartics that so often do more harm than good.

Not only are DR. MILES' LAXATIVE TABLETS an effective medicine for children but for grown-ups as well. Any one suffering from constipation and its many ill effects will find in these pleasant and agreeable tablets an effective medicine. Get a box from your druggist—they cost only a few cents. Money back if first box fails to satisfy.

USE GROUND WATER

As we read the description about ground-water, we become more and more convinced of the advisability of using that water in preference to any filtration-plant scheme. The mere thought of resorting to river-water is repugnant when we are supposed to have delicious, cool, sparkling water in abundance under our very feet, and have had it there for countless ages. If most of us only had been trained earlier to understand and grasp these things of science, we probably would not have tolerated our present water-works as long as we have, and we would have been the beneficiaries. We can have it now if we will only get out and vote for it.

From Colonels to Raspberry Lieuts.

By the Prospects Camp Dodge News Service

Gondrecourt, France (Special by Mail)—One hundred and twenty-eight officers in the Eighty-eight division have applied for commissions in the regular army. They range from colonels down to "Raspberry Lieuts." A board consisting of Col. Herbert B. Crosby, 351st Infantry; Lieut. Col. Clyde E. Eastman, Signal Corps; Lt. Col. Frederick G. Turner, 349th Infantry; Capt. Franklin M. Herman, Medical Corps; and 1st Lt. John W. McKeever, Medical Corps; passed upon the applications. Their recommendations were sent to Major General William W. Weigel for his approval.

Ten officers and enlisted men in the Eighty-eight division have been awarded Distinguished Service Crosses. Most of them are among the 57th artillery brigade which recently was attached to the division. The holders of the coveted decorations are Capt. W. W. Parris, Cavalry assistant G-3; Floyd Prescott, Hq. Co., 120 F. A.; Wagoner Nick Adler, Sp. Co., 120 F. A.; Pvt. Icl. Joseph Biwan, Hq. Co., 120 F. A.; Pvt. Icl. Harold J. Bretnig, Bty. A, 120 F. A.; Pvt. Leo O. Prescott, Hq. Co., 120 F. A.; Sgt. Frank M. Holt, Bty. A, 120 F. A.; Sgt. Albert B. Brown, Med. Det., 121 F. A.; Cook Michael A. Platten, Bty. B, 121 F. A.; 2nd Lt. William H. Nourse, 350th Infantry.

"An electric light in every billet of the Eighty-eight division," is one of the latest things being done for the comfort of the soldiers. Twenty-two complete lighting plants have been put in operation in the different towns in the 88th's area. There is no French electric plant in this district and the soldiers have been using candles and oil lamps. In addition to lighting the billets, street lights have been installed. There are twenty of these in Gondrecourt alone.

WHY YOU SHOULD VOTE WATER WORKS BONDS

A series of articles prepared by the Water & Light Board to explain why new water works are necessary, what is planned to replace the old works, and the suitability of that which is advocated.

XIX

Ground-Water

We have outlined and described surface-water supplies; now let us review what is involved in the study of ground water supplies.

What is ground water? Ground water is water precipitated upon the earth's surface and which does not run off to rivers and lakes, and escapes evaporation and the action of vegetation and instead percolates downward in obedience to the law of gravitation until it strikes some impervious layer. The immediate impervious layers is the water which preceded it in past ages and filled every pore and crevice of the earth's crust. This accumulation continues up to a certain level, at which water escapes laterally; this level, or the surface of this water, is called the ground-water level or water-table.

Ground-water surface conforms in general outline to topography, but with less variations. Variations in ground-water level take place comparatively slowly. Near streams and in low lands the level varies little, being fixed largely by the level of the adjacent surface water. At higher points in the water-table the fluctuation is greater. In porous material (and where slopes are small) the variations are small.

To obtain economically the large quantities required for public supplies it is necessary that the water-bearing material be of very open, porous character. Adequate supplies are fairly obtained from anything but sand and gravel deposits, or from very porous rock.

Therefore, water is very abundant in the soil, but some porous medium should exist to facilitate travel or flow of the water when the medium, or formation, is tapped with wells. Such water-bearing formations are of three kinds.

- (1) Broad, extensive, porous rock formations.
- (2) Deposits of porous materials in old lake and river beds.
- (3) Deposits of sand and gravel in glacial drift.

Number (1) embraces the artesian water-supply, which is limited to a few places in the United States. It does not concern us here in Brainerd. There is no artesian basin in this part of the state.

Number (2) embraces deposits not found in this part of the United States. They are characteristic of the western part of the U. S., and there they are only of limited extent.

Number (3) is the group that is of most importance particularly in the northern part of the U. S. where the immense deposits of glacial drift yield unlimited numbers of coarse sand and gravel saturated with water. That is the reservoir of water we will tap here in Brainerd, and we will tap it where thorough tests have demonstrated a large supply of water and a good quality of water. We have applied the sciences of engineering and geology, and have endeavored to throw in our limited measure of common sense. We have been endorsed by the State Board of Health, our own consulting engineer, and every engineer that we conferred with before engaging Mr. Wolff.

Violin "Camouflage."

The word "feet" is of Latin origin, and means made, or manufactured. It was in general use by the Cremona violin makers; and has been copied by modern makers, chiefly for deception. The modern imitators of old violins retained the old form of affixing the date,

Famous Tenor Being Congratulated Upon Having Become Citizen of United States

"Sure, I'm Irish, but I'm American too," said John McCormack, the famous tenor, just after he had taken out his final citizenship papers in New York City. The day he chose

was St. Patrick's day. He is seen here being congratulated by the clerk of the Federal Court before whom he was made a full fledged citizen of the United States.

NORTHWEST NEWS

Heroic Salvation Army

Jamestown, N. D., March 25—How Salvation Army lasses crawled to an outpost within 75 feet of a German trench to serve his company hot chocolate and doughnuts was told by Sgt. John H. Norton, home after nearly two years service in the army.

The sergeant was gassed last May wounded by a machine gun bullet at Soissons, and seriously injured on the Verdun front. As a souvenir of these injuries he carries a piece of the Hun metal which entered his hip at Soissons, and a numb thumb and forefinger on his left hand, results of the machine gun bullet which hit him November 6 while going over the top for a small village on the Meuse river.

Becomes Archbishop

St. Paul, March 25—Rev. Austin Dowling of Des Moines today became Archbishop of the St. Paul diocese of the Catholic church succeeding the late Archbishop John Ireland.

Installation of the new hierarchy was begun at 10 o'clock this morning at the St. Paul cathedral when pontifical high mass was sung. Representatives of the churches throughout the middle west attended the ceremony or greeted the new archbishop as he arrived from Des Moines early today at the union depot. He was escorted by a clerical delegation which met him at Des Moines.

Scores of people were at the depot and the cathedral was crowded as the new archbishop entered. Flowers and greetings banked both the cathedral and the archbishopric across the street. They came from all parts of the United States and from abroad.

Following the ceremony at the church a luncheon was given the visiting clergy at the Knights of Columbus hall.

Tomorrow evening a public reception will be held at the auditorium. Elaborate arrangements have been made by members of the church.

On Thursday night the St. Paul association will officially welcome the new archbishop to the city with a dinner at the Athletic club. Eight bishops of the archdiocese over which Archbishop Dowling will have authority will also be honored guests. They are:

Rt. Rev. Thomas O'Gorman, Sioux Falls, S. D.; James O'Reilly, Wehrle, Bismarck, N. D.; P. R. Heffern, Winona, Minn.; H. F. Busch, St. Cloud; Vincent, Crookston; and J. J. Lawler, Lead, N. D.

For Government Theatre

(By United Press)

London, March 6 (By Mail)—Sir Johnson Forbes-Robertson, noted actor, is heading a movement begun by the Shakespeare Memorial committee to buy Drury Lane Theater and operate it as a national theater and Shakespeare memorial.

The famous old theater is to be put under the hammer.

DISPATCH WANT ADS PAY

How's Your Family?

Is there an invalid woman who does not know how to get well? Is your sister, wife or mother depressed, anemic and weighed down by the troubles and weaknesses of womanhood? When a woman is weighed down by weakness, backache, dizzy feelings, pain in the back of the head, or pain here and there, she should resort to Favorite Prescription, a splendid temperance tonic first prescribed by Dr. Pierce over fifty years ago.

The ingredients are printed on the label. It is made from wild roots and barks. This Prescription contains no alcohol or narcotics. Just the thing for the young married woman weighed down by her burdens. In girlhood, maidenhood, womanhood, it is the one tonic which is dependable, and can be had in tablets as well as liquid. "Favorite Prescription" makes weak women strong and sick women well.

FILLS THE BILL COMPLETELY

 MINNEAPOLIS, MINN.
 DISTRIBUTORS

plans have been submitted by leading architects of Paris, Rheims and other French cities. No one plan will be adopted but the city will pick out of each the features that seem the most desirable, and arrive at a final plan which will be approved by the city council.

Amongst the details already decided upon are big, broad streets for the principal arteries; workmen's quarters, with gardens, and three series of boulevards, like those of Paris and Brussels, forming complete circles, there being one inner circle and finally an outer circle.

It has also been decided that the buildings encircling the cathedral, nearly all of which are now in a complete state of demolition, will be cleared out entirely in order that the cathedral may occupy a vast open square where all of its beauty may be seen from any point.

Oil From Fruit Stones.

Salad oil is now being made from the kernels of peach, plum, apricot, and cherry stones. The kernels are first separated from the shells by a solution of calcium chloride of magnesium chloride, then washed, dried, and placed under pressure. The bitter taste or odor is removed by aeration or heating.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Liniment

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Liniment" right on the "tender spot," and by the time you say "Jack Robinson" comes the rheumatic pain. "St. Jacobs Liniment" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Liniment" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

CANDY, CIGARS, CHICKENS, TIRES

Appetite for Loot of Gang of Thieves Operating in Brainerd Appears Unsatisfied

JOHN HUGHES' STORE ROBBED

C. W. Koering Meat Market Robbed of a Ford Tire—Gang Supposed to Work with a Car

What is believed to be a gang of thieves operating with an automobile is making its presence felt in Northeast Brainerd. After waylaying chicken coops the gang has now turned its attention to stores.

The store of John Hughes on Kindred street was robbed of approximately \$55 worth of candy and cigars. It is believed entrance was gained through the transom.

The meat market of C. W. Koering was robbed of a Ford tire.

The gang seems to have the appetite of a proverbial pot gang, for they show an especial fondness for chickens, more hen roosts having been robbed. In some cases these were blooded chickens and the owners are mad enough to fight.

Coupled with these activities come reports of the robbery of a cow.

KILLED IN OCTOBER, REPORTED IN MARCH

Unaccountable Delay Experienced in Case of Private Enoch Larson of 127th Infantry

FAMILY INVESTIGATION

After Correspondence Carried on by Father of Soldier Department Issues Statement

In a message received from the war department, brothers and parents of Private Enoch Larson, Co. I, 127th infantry, were notified the soldier had been buried October 18, 1918, and that "death was to be determined."

Soldiers returning from the Toul sector reported to the family they had seen Larson when he fell wounded in battle. The family wrote repeatedly and letters were returned marked "Wounded."

The family demanded an investigation by the department and at length the telegram came in the month of March. Private Larson's father, August E. Larson, lives at McAllister, Wis. Two brothers, T. M. and A. K. Larson live in Brainerd.

GROSS EARNINGS TAX BILL AMENDMENT

Although killed by the tax committee of the senate, which voted unanimously to table it, the gross earnings tax on railways bill with 25 per cent of same apportioned to railway towns having railway holdings in their municipalities, has been revived through the mediation of prominent Twin City men and will again be brought to the attention of the senate.

If this second move fails, sentiment is forming in some communities to formulate a bill putting it up to the voters in 1920 to repeal the whole gross earnings tax and taxing railways on a new basis so that the benefits accruing from such taxation will be more equitably distributed than at present.

FUNERAL FOR SOLDIER

Private James P. Engelhart Funeral at St. Mathias Wednesday Morning

The funeral of Private James P. Engelhart of Co. C, 160th infantry, who died March 18, will be held on Wednesday morning at 10 o'clock from the St. Mathias church. Father Entress officiating.

'Tis Not So

FILM SHOWS FAT AND CHAS. CHAPLIN

Sample Strip from "Sunnyside" Received by Dispatch from Tom Wood of Hollywood

FAT PLAYING A HEAVY PART

Charlie Chaplin Master of Many Musical Instruments, Works When the Mood Seizes Him

Oh Boy! Fat Wood will appear really and truly in "Sunny Side," the new comedy of Charlie Chaplin. As proof Fat sent a half a foot of film to the Dispatch showing Fat occupying two-thirds of the picture, Charlie Chaplin near by and the smallest man of the company, weight 90 pounds in the leeway of Fat.

A part of the film was given Frank Workman of the Best and Park theatres and he will have a slide made of it. Watch for it at the Best.

Tom (Fat) Wood has eventually got both feet and his 500 pounds weight into the movie game and is playing a heavy part in the Charlie Chaplin company. He writes from Hollywood, Cal., under date of March 19:

Dear Friend John:

Have started to write you several different times, but something always turns up and I am delayed but will try and shoot you a few lines tonight and give you an idea of our work out here.

When I first came out here I came here a total stranger, did not know a soul, but inside of a week I believe that everyone in California knew that I was here and sure have been kept very busy ever since.

I had several very good offers from other movie concerns out here, but passed them all up to work with Chaplin, for I figure one year with a fellow like Charlie and I will be pretty well wised up in the game and get a whole lot of good experience and also a million dollars worth of publicity which I have gotten already.

The day I signed the contract with Chaplin, his publicity man Carl Robinson, a wonderful swell fellow, sent out photos of Charlie and myself, press notices, publicity, etc., all over the world, something that has never been known in the Chaplin company before. So I don't think that I made a mistake by signing for one year.

The picture that is now just about ready to be released, "Sunnyside," is a very funny picture. He has been over six months on this one picture, so you can see that we don't work very fast out here.

I have not got very much of a part in "Sunnyside" because he had to fill in the stuff that I am doing on account of the picture being nearly completed, but the other members of our company all tell me that I had a big part in comparison to them in other pictures for some of them have been with Chaplin for years and have only worked in a couple of pictures. But I think in his next picture I will have a chance to get in on some real good comedy, at least I hope so.

Mr. Chaplin sure is a swell little fellow and I certainly enjoy working for him. He is not only a clever comedian, but also a very clever business head and a wonderful musician, playing the cello and violin exceptionally well.

We sure have a great time around the studio. Sometimes we go for ten or twelve days without taking a picture, because Charlie works different than any other picture company. He makes up all his gags as he goes along. We never know what is coming next. As soon as he gets to the studio in the morning he makes up, and comes out to the set he is working in and if he feels like going to work he does, but if he feels kind of uninspired he will walk around the stage, play his violin, organ, piano and many other instruments, for hours at a time and all the time he is doing this he will be thinking of his gags. All at once an idea will strike him and he will start working.

After this picture is over he is liable to lay off for a month or so and if he does, I think I will take a run somewhere for a while and will be able to give you a better idea of the work there.

Have been royally entertained by the Elks here, Lodge No. 99, several different times. They have about 2,600 members and some home.

Would like to go on and tell you some of my different experiences, John, but it would all a book if I did, so I think I will close for now. With best regards to all my Brainerd friends, as ever, your friend,

TOMMIE WOOD,
Care of Charlie Chaplin Studio,
Hollywood, Calif.

ROLL OF HONOR

Private Joseph Miller, son of Mr. and Mrs. Joseph N. Miller, of 719 South Broadway, served in the coast artillery in France. He landed in New York two weeks ago and was then ordered to Camp Taylor, Ky., for demobilization. He is expected home soon.

Private Harry M. Palmer in infantry service, has returned to Pillager after six months service overseas. He served in the 88th Division known as the Blackhaws.

2 FIRM CHANGES OCCUR IN BRAINERD

W. E. Erickson Disposes of Two Partners His Interests in Bye & Peterson Company

LAGERQUIST GROCERY IS SOLD

Mr. Erickson Acquires Stock from C. A. Lagerquist and Gains Lease of Quarters

W. E. Erickson, junior member of the clothing firm of Bye & Peterson Co., has sold his interests to his partners O. A. Peterson and John Bye and the firm will continue as Bye & Peterson. Mr. Erickson has been associated with them the past year and a half and only leaves the firm because of the opportunity presented him to purchase the grocery business of C. A. Lagerquist.

Mr. Erickson bought the Lagerquist grocery at 322 South Sixth street, acquiring the stock and securing a lease of quarters. Mr. Erickson was formerly in the grocery business with K. S. Bredenberg, 1302 East Oak street, and so is well qualified to re-enter that line.

Mr. Lagerquist has not been in the best of health and will spend the summer at his lake home at Nisswa. He has large realty interests in Brainerd and in the fall of the year may again enter business.

VALUE OF PRINTER'S INK IS EXPRESSED

Only Business that can Make Money Without Advertising is the United States Mint

GROCERY ADVERTISEMENTS

They Bring Trade When Properly Written—Stone-Ordean-Wells Co. Criticism Given

Printer's ink means more business when properly applied in giving publicity to store news.

This is well expressed in a letter written by Harry A. Earnshaw of Stone-Ordean-Wells Co. of Duluth. To him was submitted some grocery advertising carried in the Dispatch and the letter follows:

"We fail to see how anyone could criticize you for writing this kind of advertising. These ads compare favorably with any retail grocery advertising that we have seen. In this day a man who does not believe in advertising does not believe in telephones, railroad trains or autos. The only business that can ever make money without advertising is the Mint. Your plan of showing prices opposite each item is one that has been found successful by some of the greatest advertisers and is today the fundamental basis of all large store retail advertising. You are, therefore, on the right track in this respect."

"With reference to the editorials you have been running at the top of your ads, in our opinion they add to the value of your ads at least 100 per cent. In this respect also you are abreast of the best advertising plans of today. It has now become the custom of the largest retail concerns in the country to devote a part of their space each day to some little expression of this sort which may or may not have a connection with merchandise. Personally we believe that the editorial will be more effective if it does not make too strong an appeal for business."

"Our advice is to go right ahead doing your best and follow your own initiative regardless of what anybody says, and if you have a natural bent towards this sort of work, as evidently you have, you can greatly improve yourself by studying the retail advertising carried in newspapers of larger cities, such as New York, Chicago, Minneapolis, etc. There is a wide field for you in this sort of work if you have the right stuff in you."

The young man who wrote that grocery advertising in the Dispatch, followed Earnshaw's advice, sought a wider field and made good in a sensational manner as did Les Bush in baseball, Fat Wood in the movies, Wilfred Cahan (Billie) in cartoons. But the grocery man is a modest chap and did not want the Dispatch to publish his name.

It also brings out the fact that there is a lot of native talent in Brainerd which does not get full recognition at home, but must seek a wider sphere.

(Signed by and for James R. Smith, Brainerd, Minn.)

FOR ASSESSOR

I hereby announce myself a candidate for the office of City Assessor for the ensuing term, and respectfully ask your support for said office on Election Day. Assuring you that if elected, I will use my best judgment in being fair and impartial to all.

J. R. SMITH.

BRAINERD ON A NEW HIGHWAY

Saint Paul-Itasca Lake Division of the Mississippi River Scenic Highway

MEETING AT LITTLE FALLS

Brainerd to be Represented by Chamber of Commerce Delegation, Thursday, March 27

Brainerd will be an important city on a new highway, the Saint Paul-Itasca Lake Division of the Mississippi River Scenic Highway association. The following letter is self-explanatory and the Brainerd Chamber of Commerce will have a delegation at the Little Falls meeting to look after the interests of Brainerd. The letter reads:

March 22, 1919.
Mr. Fred T. Lincoln,
Sec. Commercial Club,
Brainerd, Minn.
Dear Sir:

A movement has been placed on foot to organize the Saint Paul-Itasca Lake Division of the Mississippi River Scenic Highway association, and a meeting is being called for that purpose next Thursday, March 27th, 3 o'clock, at this city.

Will you kindly arrange to have your city or town represented at this important meeting? Send a delegation and makes yourself a member of the same.

The Mississippi River Scenic Highway is now thoroughly organized from Saint Paul to New Orleans, through the following cities:

South Saint Paul, Hastings, Red Wing, Winona, LaCrosse (opposite La Crosse, Wis.) Caledonia and Eitzen, Minnesota; Wukon, McGregor (the site of the proposed Mississippi Valley National Park), Guttenberg, Dubuque, Maquoketa, Clinton, Davenport, Muscatine, Wapello, Burlington, Fort Madison and Keokuk, Iowa; Hamilton and Quincy, Illinois; Hannibal, Troy, St. Charles and Saint Louis, Missouri; Memphis, Tennessee; New Orleans, Louisiana.

The proposed Saint Paul-Itasca Division would pass through the following cities: Saint Paul, Minneapolis, Anoka, Elk River, Big Lake, Becker, Clear Lake, Saint Cloud, Sauk Rapids, Rice, Royalton, Little Falls, Fort Ripley, Brainerd, Merrifield, Hubert, Nisswa, Pequot, Jenkins, Pine River, Cass Lake, Bemidji, Lake Itasca.

It is desired to have the organization perfected without delay so that representatives may be sent to the big meeting which is to be held at Memphis within the next ten days or two weeks. An effort was made recently to change the name of the trail to the Yankee Doodle Highway, diverging it out west from St. Paul.

Let's be on the job and assure our cities. Will you be on hand? How many in your party?

Yours for the Mississippi River Scenic Highway,

W. E. OLSON,
Secretary.

It has been decided to have C. L. Mott, county engineer, as a delegate of the Chamber of Commerce to represent the city at the road conference in Little Falls.

FIGURING CAR COST

Answer Depends on Market Value of Buyer's Own Production—Examples are Given

"Automobiles that have not been priced fictitiously are cheaper today than they were four years ago," says a Duluth auto dealer. "This statement sounds like a paradox because there have been some advances in that period. As a matter of fact these advances were not in proportion to the cost of labor and materials."

"The price tag on a car today as compared with the price on the same car four years ago does not tell the true story. To get a fair idea of the present price there are vital facts to be considered. Those relate to the average individual's earning power—the price he can get for the things he sells to make a living, and the amount of the commodity he makes, which he must exchange in the open market for the article he wishes to purchase."

"The best illustration I can think of to explain this point is found in the business of the farmer. The latter's wages, or buying power, lie in his crops or their market value. The staple article on the American farm is wheat. In 1914, or about four years ago, the farmer received 90 cents a bushel for wheat. Therefore, if he wished to buy a car that then

Woman Not Worried Over Food Shortage

"I have lived on toast and water for over 6 months and have been scarcely able to eat anything for the past year. I began suffering from stomach trouble and bloating 5 years ago. A friend recommended May's Wonderful Remedy and since taking 6 doses I feel I am entirely restored, even cabbage does not hurt me. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere."

Rain Coats and Capes With Much Style A Large Selection

Women do not just want a garment that will protect against rain. They demand a garment that not only protects but at the same time appears as well as other garments.

You'll find these qualities in rain the garments we are now showing and we are sure you will like them.

H. F. Michael Co.

sold for say \$1,050 he, practically speaking paid about 1,166 bushels of wheat for it.

"Today if the car costs him as much as \$1,555 he has to pay only about 700 bushels of wheat for it because wheat today is valued at \$2.26 a bushel. In other words while the car has apparently gone up 50 per cent it costs the farmer only 60 per cent as much as it did four years ago."

EDWARD LOGAN

Freight Claim Agent of Northern Pacific Railway Died of Pneumonia

Edward Logan, age 45 and married, a freight claim agent of the Northern Pacific railway with headquarters in St. Paul, died at a local hospital from lobar pneumonia.

NOTICE

(Authorized by and for Lavinia A. Gemmell, Brainerd, Minn.)

To the Voters of the Second Ward: In consenting to become a candidate for a member of the Board of Education for the city of Brainerd, I have done so entirely at the solicitation of friends. I have been asked to run largely, I believe, because there has been a growing desire on the part of the people of Brainerd that women be represented on the Board. The good results of such representation have been widely demonstrated elsewhere. The schools are made up of children or young people and the teachers and the latter are in large proportion women. It therefore stands to reason that women should be in close touch with the complex problems of the schools. It has been suggested by Premier Clemenceau that women be represented on the proposed International Commission. Women carry the large burden of social welfare work and their counsel and co-operation are being increasingly sought in all matters pertaining to the public good. In the coming election for Board member in the Second Ward I believe the question will not be one of personality, but as to whether the men and women of the ward approve of placing women in public office, especially when such office has to deal with the all-important matter of the welfare of the children of the city.

(Mrs. W. H.) Lavinia A. Gemmell.

Family Verbs.

Speaking of odd verbs, it has been the custom for years in a certain Boston family to say when the weather has cleared, "It has nicened up." The other day, one of them was even heard to say, "It has nicened up nicely."—Boston Transcript.

WOMEN! DRY CLEAN

THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washbowl, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flame.

Pollard Breaks Hurdles Mark.

Baltimore, March 25.—In the indoor athletic meet here in which there were 544 entries, F. Pollard (scratch man) of the Meadowbrook club, Philadelphia, set a new indoor world record for 100 yards low hurdles in 11 2-3 seconds.

Gould to Defend Title.

Philadelphia, March 25.—Jay Gould holder of the world's open championship in court tennis, has announced as the war is now over he is willing to defend his title.

DAKOTA BUSINESS COLLEGE

27 YEARS OLD

Big bankers, business men and public officials of the North were students at Dakota Business College over a quarter of a century ago. Thousands of D. B. C. graduates since, have developed into men and women holding responsible, high-salaried positions.

Even better opportunities are open to the D. B. C. students of today. YOU PROFIT BY THIS SCHOOL'S REPUTATION FOR SENDING OUT COMPETENT HELP. D. B. C. GRADUATES ARE ALWAYS IN DEMAND. Let us tell you why. Write for full information to F. L. Watkins, Pres. DAKOTA BUSINESS COLLEGE, 806 Front Street, Fargo, N. D.

LONG ISLAND IS STARTING POINT

Naval Seaplanes Are Preparing for Flight Across Atlantic Ocean.

TRIP OCCURS IN MAY

Acting Secretary Roosevelt Orders Destroyer Barney to Newfoundland to Study Harbor Facilities There.

Washington, March 25.—Naval seaplanes which are to attempt a flight across the Atlantic ocean in May will start from Rockaway Beach, Long Island, but the actual "jumping off" place will be much farther up the coast, possibly at some point in Newfoundland.

Whether the machines will steer a direct course for Ireland or follow the longer route, via the Azores, apparently has not yet been determined.

Acting Secretary Roosevelt announced the destroyer Barney had been ordered to proceed to Newfoundland in order to determine the best place from which the machines could put out for overseas and the harbors in which landings could be made, in event it became necessary for them to descend on the voyage from Rockaway to the flight base.

Kaufman to Command Barney.

Lieutenant Commander J. L. Kaufman will command the Barney, which is one of the modern destroyers, and Commander P. N. D. Bellinger of the trans-Atlantic section of the office of the director of naval aviation and Lieutenant E. F. Stone of the coast guard, have been detailed to make the investigation. Unless difficulties with ice floes are encountered, the Barney is expected to return within 10 days, when the officers will submit their report at Washington.

In disclosing that the planes would leave the naval aviation station on Long Island, Mr. Roosevelt said it was regarded as preferable to fly the machines to the base to be selected for the flight rather than to transport them by ship. The aircraft will be refueled and given a final tuning up before they actually depart overseas.

Several Machines Being Prepared.

Several machines are being prepared for the flight and two or more very probably will make the start. Three planes of the N. E. type have been completed and a fourth is nearing completion at the Curtiss plant at Garden City, N. Y. Extensive tests of the N. C. 1 have been made and 51 passengers were carried on one of her flights.

Detailed plans of the flight are being carefully safeguarded and there has been no intimation as to whether the ships will go together or follow different routes.

WASHINGTON IS DISTURBED

Rumor That Czech President Resigned Is Not Confirmed.

Washington, March 25.—The State department has no advice regarding the reported resignation of President Masaryk, of Czechoslovakia. Officials, however, were much disturbed by the Copenhagen dispatch, quoting a Berlin report that Mr. Masaryk had resigned and said if the report were confirmed it would be a detriment toward peace in central Europe.

Professor Masaryk, it was said, had been in full accord with the peace conference proceedings and his firm stand against Bolshevism had been counted on to aid in restoring order throughout state bordering on Czechoslovakia.

PHELAN CABLES OBJECTION

California Senator Opposes Plan for Oriental Equality.

Washington, March 25.—Senator Phelan of California, Democrat, has cabled the American peace commissioners in Paris, protesting against any provisions in the proposed constitution for the league of nations giving racial equality to Orientals. The California senator sent a copy of his cablegram to Senator Borah of Idaho, with a request that the latter support his protest.

SUSTAINS EIGHT-HOUR DAY

Federal Supreme Court Holds Valid Arizona Law for Women.

Washington, March 25.—Constitutionality of the Arizona act of 1913 limiting employment of women to eight hours a day was upheld by the supreme court in disposing of appeals in which the act was attacked on the ground that it discriminated between the employment of waitresses in railroad restaurants and other restaurants.

Rumley Case Up April 14.

Washington, March 25.—The supreme court set for April 14, the case of Edward A. Rumley, former editor of the New York Mail, who is under charges of violation of the trading with the enemy act.

Forty Britons Prisoners in Moscow.

London, March 25.—Forty British naval and military prisoners captured in Northern Russia are at present captives in Moscow, according to a British refugee just arrived from Russia.

Welterweight Who Won Title from Lewis After They Met in Ring 18 Times

JACK BRITTON

After battling eighteen times with Ted "Kid" Lewis, Jack Britton has regained the welterweight title from the Englishman. Britton won the eighteenth fight at Dayton, O., with a knockout in the ninth round, the first knockout in all their string of bouts. And Britton is not a youngster. He was born in 1885. Both Britton and Lewis had had twenty-round decisions over each other, the title changing hands each time.

SUFFRAGE BILL IS SIGNED

Burnquist Approves Measure for Women's Vote on President.

St. Paul, March 25.—Women in Minnesota now have the right to vote on presidential electors. Governor J. A. Burnquist, declaring the measure constitutional, in his opinion, signed the bill passed by the legislature recently, in the presence of proponents and opponents of suffrage. The pen used by the governor was presented to Mrs. James Forester, St. Paul, who plans to forward it to Mrs. Andrew Ueland, Minneapolis, president of the Minnesota State Suffrage association.

The governor acted favorably on the measure after considering briefs on the question of its constitutionality.

MOUNT ELBRUZ IN ERUPTION

High Russian Volcano Was Supposed to Be Extinct.

London, March 25.—Mount Elbruz, in the Caucasus, has been discharging smoke for several days, a Russian wireless message from Moscow reports Rostov newspapers as saying. Blocks of ice which have been above the snow line of the mountain for hundreds of years, it is added, are being carried to the foot of the mountain in torrents.

Mount Elbruz is 18,500 feet high and the highest mountain of the Caucasus. It was supposed to be an extinct volcano.

Chicago Firm Suspends.

Chicago, March 25.—The brokerage firm of Lipsey & Company, a \$50,000 corporation, has notified the secretary of the Chicago Board of Trade that it had ordered all of its accounts closed. The firm is said to have been dealing largely with country customers.

Ambassador Sharp Coming Home.

Paris, March 25.—William Graves Sharp, retiring American ambassador to France, has decided to sail for home April 11.

WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the loins and lower abdomen, difficulty in urinating, all are indication of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Haarlem Oil Capsules. This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease.

It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand. In sealed packages, three sizes.

You Profit By Our Bigness

Our size enables us to:—

Furnish cash markets for all live-stock offered;

Operate at minimum costs;

Stay in business on a profit of only 2 cents on the dollar of sales;

Eliminate waste;

Get the surplus live-stock products from the West to the millions of consumers in the East.

There is No Menace in Size:—

As long as we are in keen competition with the other packers;

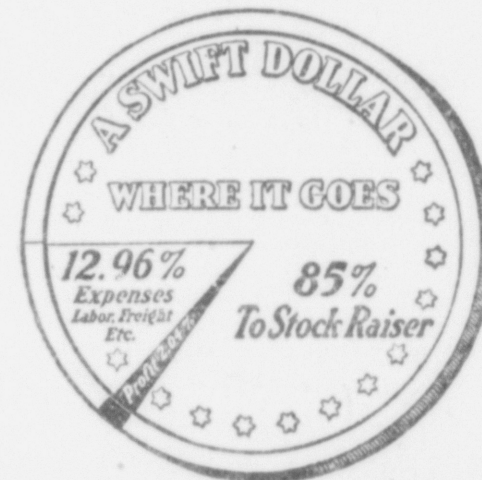

As long as there are hundreds of firms in the business;

As long as we handle only about 12 per cent of the meat supply of the country and only about 22 per cent of the meat that is inspected by the United States Government;

As long as our bigness is used to your advantage—as it is now—and as it must be in the future if we are to do a profitable business. The permanence of a business depends on the goodwill of those it serves. No large business can prosper that is not recognized as giving in exchange for its earnings an equivalent measure of helpful service.

Everybody Laugh!

The girl who laughs because she is sunny-hearted, and finds things to enjoy as she goes along, adds enjoyment to others as they go along. There is something in a smile that calls out a smile, and spontaneous laughter is the most catching thing in the world. No one who hears a joyous laugh is likely to scowl in response.

State of Minnesota, county of Crow Wing, ss
District Court, Fifteenth Judicial District.

In the matter of the application of Mills Lake Mining company, a corporation, to register the title to the following described real estate situated in Crow Wing county, Minnesota, namely:

The Northwest quarter of the Northeast quarter (NW 1/4 of NE 1/4) the North half of the Northwest quarter (N 1/2 of NW 1/4) and the Southwest quarter of the Northwest quarter (SW 1/4 of NW 1/4) of Section Numbered Forty-four (44) North of Range Numbered Twenty-eight (28) West, Applicant, vs.

George Smith, and all other persons or parties unknown, claiming any right, title, estate, lien or interest in the real estate described in the application herein.

The State of Minnesota to the above named defendants.

You are hereby summoned and required to answer the application of the applicant in the above entitled proceeding and to file your answer to the said application in the office of the Clerk of said court, in said county, within twenty (20) days after the service of this summons upon you, exclusive of the day of such service, and, if you fail to answer the said application within the time aforesaid, the applicant in this proceeding will apply to the court for the relief demanded therein.

Witness, W. A. M. Johnston, clerk said court and the seal thereof, at Brainerd in said county, this 15th day of February, A. D. 1919.

W. A. M. JOHNSTON, Clerk

(Seal)
M. E. RYAN, Attorney for Applicant.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place.

Musterole is a clean, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister.

Many doctors and nurses use Musterole and recommend it to their patients.

They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). Always dependable.

30 and 60c jars; hospital size \$2.50.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more sniffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.
